Money for the Cause Rudolph A. Rosen

2012-09-10 There has never been a greater need for raising the funds necessary to promote the causes that will help build a sustainable future. In *Money for the Cause: A Complete Guide to Event Fundraising*, veteran nonprofit executive director Rudolph A. Rosen lays out field-tested approaches that have been among those that helped him and the teams of volunteers and professionals he has worked with raise more than \$3 billion for environmental conservation. As Rosen explains, fundraising events can range from elite, black-tie affairs in large cities to basement banquets and backyard barbecues in small-town America. *Money for the Cause* runs the gamut, demonstrating methods adaptable to most situations and illustrating both basic and advanced techniques that can be duplicated by everyone from novice volunteers to experienced event planners. Each chapter begins with a pertinent, real-life anecdote and focuses on major areas of event fundraising: business plans and budgets, raffles and auctions, tax and liability matters, contract negotiation, games and prizes, site selection, food service, entertainment, publicity, mission promotion, food and drink service, and effective team building and use of volunteers. The author applies each topic to the widest possible range of events, providing practical detail and giving multiple examples to cover the differences in types of organizations and their fundraising activities. Whatever the funding objective may be, *Money for the Cause: A Complete Guide to Event Fundraising* is both a textbook and a practical reference that will be indispensable to anyone involved in mission-driven organizations, whether as a volunteer, a professional, a student, or an educator. The Big Book of Benefit Auctions Jay R.

Fiske 2009-02-09 The Big Book of Benefit Auctions is the ultimate step-by-step handbook on how to plan and have a successful and

effective auction. Auction committees will find it an invaluable reference as it provides all the tools they will need for complete auction planning and management. From setting the goal for the event, to organizing the committee, procuring auction items, building the audience, preparing the catalog and through auction night cashing (check out) services, everything you will want to know about the auction process is readily at your fingertips in this resource guide. The book will not only contain important "how to" information, it will also explain why some decisions and activities are not only good practices, they are essential to having a well-run and efficient event. Also, the book will discuss important strategies for maximizing revenue at your event, and will cover common pitfalls and how to avoid them.
