**Augustine and the Catechumenate** William Harmless 2014-12-30 As one of the most influential thinkers in Christian history, St. Augustine (354-430) had a flair for teaching and meditated deeply on the mysteries of the human heart. This study examines a little-known side of his career: his work as a teacher of candidates for baptism. In the revised edition of this seminal book, both the text and notes have been revised to better reflect the state of contemporary scholarship on Augustine, liturgical studies, and the catechumenate, both ancient and modern. This edition also includes new findings from some of the recently discovered sermons of Augustine and incorporates new perspectives from recent research on early Christian biblical interpretation, debates on the Trinity, the evolution of the liturgy, and much more. This reconstruction of Augustine's catechumenate provides fresh perspectives on the day-to-day life of the early church and on the vibrancy and eloquence of Augustine the preacher and teacher.

**Augustine's Commentary on Galatians** Eric Plumer 2003-02-07 Now available in English for the first time, Augustine's Commentary on Galatians is his only complete, formal commentary on any book of the Bible and offers unique insights into his understanding of Paul and of his

own task as a biblical interpreter. Yet it is one of his least known works today - and this despite its importance in the past for such major figures as Aquinas, Luther, Erasmus, and Newman. The present volume seeks to remedy this situation by providing not only an English translation with facing Latin text, but also a comprehensive introduction and copious notes. Since Galatians happens to be the only biblical book commented upon by all the ancient Latin commentators - including Jerome, Pelagius, Ambrosiaster, and Marius Victorinus, as well as Augustine - it provides a basis for comparing them and for identifying Augustine's special concerns and emphases. Augustine's Commentary also has crucial links to other works he wrote at the time, especially his monastic rule and *De Doctrina Christiana*. Augustine's emphasis on Galatians as a pastoral letter designed to preserve and strengthen Christian unity links the commentary to his monastic rule, while his method and sources link it to, and indeed pave the way for, the theory of biblical interpretation set forth in the *De Doctrina Christiana*.

*Debating Transcendence* Bin Song 2025-11-04 A bold and rigorous reexamination of transcendence—uniting religion, theology, philosophy, and science—while bridging Confucian and Christian thought to explore the origins of the world and human destiny *Debating Transcendence* is a groundbreaking contribution to the ongoing dialogue between Confucian and Christian thought by addressing the transcendence debate—a key controversy that has shaped centuries of cross-cultural intellectual exchange. Song examines whether the Confucian concept of Tian (Heaven) or Taiji (Ultimate Limit) possesses a transcendent dimension comparable to Christian understandings of the Creator God. This study revisits the historical and philosophical roots of the debate, tracing its evolution from early interactions between Confucianism and Christianity during the sixteenth century to present-day discussions. At the heart of this book is Song's aim to construct a Confucian definition of theology

and a Confucian approach to comparative theology. Grounded in a scientifically rigorous methodology that transcends the conceptual boundaries of philosophy, religion, and theology, this new approach balances rootedness and impartiality, minimizing biases and revealing shared ground. Covering essential thinkers from the West and the East—such as Plato, Augustine, Descartes, and Paul Tillich alongside Confucius, Laozi, Wang Bi, and Zhu Xi—Song explores the historical development of key concepts such as *creatio ex nihilo* (creation out of nothing) and *sheng sheng* (birth birth), challenging misconceptions and highlighting underexplored commonalities and differences. Drawing from his diverse scholarly background and extensive engagement with both traditions, Song distinguishes Confucian from Daoist metaphysics and demonstrates that Confucian metaphysics, centered around the concept of *generatio ex nihilo*, offers a compelling framework for understanding transcendence that not only resembles but, in certain aspects, surpasses major streams of its Christian counterpart. Readers seeking to understand the profound spiritual foundations underpinning interactions between China and the West will find Song's work essential. Combining rigor, scope, and depth, *Debating Transcendence* paves the way for refreshed interactions between Confucian and Christian thought, offering insights vital to contemporary scholarship and interreligious exchange.

Augustine in a Time of Crisis Boleslaw Z. Kabala 2021-03-01 This volume addresses our global crisis by turning to Augustine, a master at integrating disciplines, philosophies, and human experiences in times of upheaval. It covers themes of selfhood, church and state, education, liberalism, realism, and 20th-century thinkers. The contributors enhance our understanding of Augustine's thought by heightening awareness of his relevance to diverse political, ethical, and sociological questions. Bringing together Augustine and Gallicanism, civil religion, and Martin Luther King, Jr., this volume expands the boundaries of Augustine scholarship through a consideration of subjects at the heart of contemporary political theory.

**Sabbath Pause** Terry Chapman 2012-08 In a world where most of us fervently complain, "There just isn't enough time!" we need to learn how to pause and truly rest. With Sabbath Pause, Terry Chapman offers a resource based on the Judeo-Christian tradition of Sabbath that can change the way we live in time. The original Jewish "Sabbath" referred to a 24-hour period every seven days which was set aside for worship, rest, and renewal. Sabbath Pause offers daily writings that encourage us to make time for small Sabbaths each day--a time to stop, breathe, reflect, and direct our focus with a particular intention, be it listening for God in the noise of life or dreaming the impossible dream. Each day Chapman uses a combination of poetry and prose as well as quotations from scripture and literature to explore a theme. This exploration is followed by questions for reflection, a breath prayer, and an "intention" for the day. Using this daily spiritual practice, Chapman opens us to a new rhythm or way of living life with and in God--a way that can nourish our deepest needs. If you know there is more to living than the rush of daily life, if you are looking for something deeper but don't know where to start, this book will provide the inspiration and the tools you need. Sabbath Pause can be used individually or in community.

*Augustine and the Art of Ruling in the Carolingian Imperial Period*

Sophia Moesch 2019-06-26 The Open Access version of this book, available at

<http://www.tandfebooks.com/doi/view/10.4324/9781351116022>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 licence. DOI <https://doi.org/10.4324/9781351116022> Published with the support of the Swiss National Science Foundation.

This volume is an investigation of how Augustine was received in the Carolingian period, and the elements of his thought which had an impact on Carolingian ideas of 'state', rulership and ethics. It focuses on Alcuin of York and Hincmar of Rheims, authors and political advisers to Charlemagne and to Charles the Bald, respectively. It examines how they used Augustinian political thought and ethics, as manifested in the *De civitate Dei*, to give more weight to their advice. A comparative approach

sheds light on the differences between Charlemagne's reign and that of his grandson. It scrutinizes Alcuin's and Hincmar's discussions of empire, rulership and the moral conduct of political agents during which both drew on the *De civitate Dei*, although each came away with a different understanding. By means of a philological-historical approach, the book offers a deeper reading and treats the Latin texts as political discourses defined by content and language.

*Reason, Authority, and the Healing of Desire in the Writings of Augustine* Mark J. Boone 2020-01-14 In this open access book, Mark Boone explains the theology of desire developed in a cross-section of Augustine's *On the True Religion*, *On the Nature of Good*, *On Free Choice of the Will*, *On the Teacher*, *On the Usefulness of Believing*, *On the Good of Marriage*, *Enchiridion*, and *Confessions*. Throughout his writings and in many ways, Augustine develops a Platonically informed, yet distinctively Christian, account of desire. Human desire should respond to the goodness inherent in things, loving the greatest good above all and great goods more than lesser goods. Above all, we should love God and souls. Sin, an inappropriate desire for lesser goods, is healed by the redemption of Christ.
