[English Grammar Basics](#) Crystal Carothers 2015-07-23 Do you have an English or ESL grammar test coming up? Are you constantly asking others to check your writing for grammar errors? Do you currently or are you planning to teach ESL grammar? This book can be helpful for: * ESL learners * English speakers whose writing contains grammar errors * Anyone planning to teach ESL who wants a brief overview of English grammar concepts Perhaps you've never learned the basics of English grammar. Whether you have an upcoming test, need to review the basics, or are just tired of making the same grammar mistakes, this grammar reference and workbook can help you review basic grammar concepts quickly. Whether English is your second language, or you just need a refresher on what's grammatically acceptable, and what's not, this book provides simple, easy to understand ESL grammar rules along with tons of English grammar exercises to practice what you've learned. Perhaps you've forgotten the parts of speech and need to know exactly how nouns, verbs, adjectives and subjects function in a sentence. Perhaps you're having trouble with the English tenses. Among other topics, this book covers the most commonly used English tenses: Past Simple, Future Simple, Present Simple and Present Continuous, how to correctly use the articles (a, an, the), and how to correctly use the apostrophe s ('s). Each

chapter provides extremely easy to understand grammar rules, examples and then follow-up English grammar exercises to practice each rule. In the second part of each chapter, there are additional English grammar exercises, dialogues, conversation questions, and even a quiz at the end of each chapter to check your progress. You can easily check your answers for all English grammar exercises and tests since the answers are provided in the book as well. The format of the book is meant to help students review what they already know quickly, and spend more time on the grammar topics that are not well understood.

Basic English Grammar Betty S. Azar 2017-01-19 Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills. While keeping the same basic approach and materials as in earlier editions, the fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context. Several of the new features are: Information in the grammar charts highlighting important differences between spoken and written English; Step-by-step writing activities with models for students to follow; Innovative warm-up exercises that precede the grammar charts and introduce points to be taught; Newly created exercises to give students more incremental grammar practice; Structure-based listening exercises that introduce students to relaxed, reduced speech"--Page 4 of cover.

A Basic English Grammar John Eastwood 1990 *Basic English Grammar Learn by Doing* Dr. Arun Jee 2023-04-14 This is a book of basic English grammar for the elementary-level of learners. It can even be used by those who want to brush up their basics. Unlike the prevailing books on grammar in the market, the focus of this book is not on learning the definitions of grammatical terms. Instead, efforts are made to let the learners identify these items and understand their functions. Rational explanations are given for the learner to understand the rules with ease. Special care is taken to expose the learners to the unique features of the English language. This is to help them avoid

committing common errors. Exercises are prepared to address these errors too. The 'Answer Keys' to the exercises are a part of the book. The book can be used as a course for learners to acquire the basics of grammar. It may be used as a grammar book for classes 5th to 8th in the CBSE schools and for classes 9th and 10th in the State Board schools in India. "Basic English Grammar Learn By Doing" by Dr. Arun Jee: Authored by Dr. Arun Jee, this book is likely an educational resource for learning and understanding the fundamentals of English grammar. It may employ a hands-on approach to help learners grasp essential grammar concepts. Key Aspects of the Book "Basic English Grammar Learn By Doing": Grammar Learning: Dr. Arun Jee's book may provide learners with a practical and interactive way to study English grammar. Hands-On Approach: The book likely encourages active participation and application of grammar rules through exercises and examples. Educational Resource: "Basic English Grammar Learn By Doing" may serve as a valuable tool for individuals seeking to improve their English language skills. Dr. Arun Jee is likely an educator and grammar enthusiast dedicated to facilitating English language learning through practical methods. "

The Gramming Guide to English Grammar with Exercises Péter Simon 2016-01-05 The Gramming Guide to English Grammar is a resource book on the grammar of Standard British English. It is intended for intermediate to advanced students of English as a second or foreign language who have already studied the basic grammar of English. It covers the most important areas of English grammar and concentrates on structures which may cause difficulty at an intermediate level or above. The book starts with a pretest that helps you identify the areas you need to work on. The pretest is followed by eleven chapters, broken down to a number of subchapters that each deal with a specific grammar point. The related explanations are accompanied by real-life sample sentences, timeline diagrams, tables, and quotes. If a similar point or the same point is discussed in a different part of the book, you will find cross-references to that point. Where appropriate, chapters begin with guiding questions and end with revision questions. Most of the chapters are followed by exercises, including multiple choice, sentence

transformation, error correction, gap filling and matching exercises, as well as communicative tasks that can be done in language lessons. At the end of the book, there is an appendix which contains a list of the most common irregular verb forms and the most important spelling rules; a list of the quotes that appear in the book; and a glossary that defines grammatical terms frequently used in the explanations. The chapters in this book are not arranged in order of difficulty. This way, the book can be used for quick reference on specific points of interest, as well as for systematic study, either as a self-study grammar book or as additional material in an ESL/EFL course. No matter which way you use the book, it is recommended that you follow the cross-references, which will lead you to further information on a given item. The exercises, which come with suggested answers, are best done using pen and paper. These exercises will not only help you to practise grammar but also to tie grammatical forms to real-world meaning.
