**Business Ethics: Concepts and Cases** Manuel G. Velasquez 2002 Corporate Social Responsibility Mark S. Schwartz 2011-03-22 The term corporate social responsibility (CSR) is often used in the boardroom, classroom, and political platform, but what does it really mean? Do corporations have ethical or philanthropic duties beyond their obligations to comply with the law? How does CSR relate to business ethics, stakeholder management, sustainability, and corporate citizenship? Mark Schwartz provides a concise, cutting-edge introduction to the topic, analyzing many case studies with the help of his innovative "Three Domain Approach" to CSR. Corporate Social Responsibility also provides a chronology of landmark contributions to the concept of CSR and includes CSR resources on organizations, global codes and criteria, corporate CSR reports, and websites and blogs. It is an invaluable resource for students, instructors, and business leaders looking to master the basics of CSR.
