The Works of Hanoch Levin, 1969-1976 Shoshana Weitz 1981

The Apocalypse in Film Karen A. Ritzenhoff 2015-12-30 We live in a world at risk. Dire predictions about our future or the demise of planet earth persist. Even fictional representations depict narratives of decay and the end of a commonly shared social reality. Along with recurring Hollywood blockbusters that imagine the end of the world, there has been a new wave of zombie features as well as independent films that offer various visions of the future. *The Apocalypse in Film: Dystopias, Disasters, and Other Visions about the End of the World* offers an overview of Armageddon in film from the silent era to the present. This collection of essays discusses how such films reflect social anxieties—ones that are linked to economic, ecological, and cultural factors. Featuring a broad spectrum of international scholars specializing in different historical genres and methodologies, these essays look at a number of films, including the silent classic *The Four Horsemen of the Apocalypse*, the black comedy *Dr. Strangelove or: How I Learned to Stop Worrying and Love the Bomb*, the Mayan calendar disaster epic, 2012, and in particular, Lars Von Trier's *Melancholia*, the focus of several essays. As some filmmakers translate the anxiety about a changing global climate and geo-political relations into visions of the apocalypse, others articulate worries about the planet's future by depicting chemical warfare, environmental disasters, or human made destruction. This book analyzes the emergence of apocalyptic and dystopic narratives and explores the political and social situations on which these films are based. Contributing to the dialogue on dystopic culture in war and peace, *The Apocalypse in Film* will be of interest to scholars in film and media studies, border studies, gender studies, sociology, and political science.

Keep Watching the Skies! Bill Warren 2009-11-30 Bill Warren's *Keep Watching the Skies!* was originally published in two volumes, in 1982

and 1986. It was then greatly expanded in what we called the 21st Century Edition, with new entries on several films and revisions and expansions of the commentary on every film. In addition to a detailed plot synopsis, full cast and credit listings, and an overview of the critical reception of each film, Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making. The book contains 273 photographs (many rare, 35 in color), has seven useful appendices, and concludes with an enormous index. This book is also available in softcover format (ISBN 978-1-4766-6618-1).

Anger Bill Landis 1995 Known worldwide for his bestselling *Hollywood Babylon* books, Kenneth Anger is an underground filmmaker whose tremendous influence has been acknowledged by directors as diverse as Steven Spielberg, Martin Scorsese, and Dennis Hopper. As the father and most highly regarded member of American cinema's avant-garde, Anger made three films now considered masterpieces: *Fireworks*, *Scorpio Rising*, and *Lucifer Rising*. More than forty years later his aesthetic ripple is still being felt in contemporary mediums such as rock videos. Beginning with Anger's life as a child actor in Hollywood (he was featured in *A Midsummer Night's Dream* with Mickey Rooney), Bill Landis's biography takes the reader on a wild journey from the beginning of the underground film movement in the United States and Europe through the equally underground gay world of the '40s and '50s to the '60s in London and San Francisco, when Anger was at his peak of fame, and up to the present.

Imagining, Writing, (Re)Reading the Black Body Sandra Jackson

2024-12-02 This book is an outgrowth of an international conference - The Black Body: Imagining, Writing, and Re(Reading) - held at DePaul University, Chicago in 2004. The various contributing authors critically examine the changing discourses on the black body to address how it has been constituted as a site for construction and maintenance of social and political power. Drawing examples from Europe, Africa, the United States as well as other places in the Black Diaspora, the subject matter in this book discusses the raced, gendered, classed and culturally produced discourses about the black body. Through its examination of these and related issues, this book contributes to a dialogue across various disciplines about the black body, its meanings and negotiations as read, interpreted, and imagined in different frames of perception and imagination. Print editions not for sale in Sub-Saharan Africa. This book is part of Routledge's co-published series 30 Years of Democracy in South Africa, in collaboration with UNISA Press, which reflects on the past years of a democratic South Africa and assesses the future opportunities and challenges.

The Arrival of Godot Katherine H. Burkman 1986 Discusses the plays of Albee, Beckett, Genet, Grass, Ionesco and Pinter.

Bisexual Characters in Film Wayne M Bryant 2013-10-23 How far have we progressed from the days when showing a film such as Jack Smith's *Flaming Creatures* landed the cinema's programmer, projectionist, and ticket taker in jail? What are some of the hidden clues modern audiences are overlooking in older films that suggest a character's bisexuality? Which famous actors, actresses, directors, and screenwriters were attracted to people of both sexes? In *Bisexual Characters in Film*, the first book to focus on the role of bisexual characters in film, you'll find answers to these questions and many more as you explore, analyze, and celebrate 80 years of bisexual movie characters (and the people who have created them) from around the world. A lively, entertaining, and informative commentary, this book examines the treatment of bisexual

film characters and shows you how that treatment has been affected by societal forces such as censorship, politics, religious prejudices, homophobia, and sexual stereotypes. *Bisexual Characters in Film* looks at the contribution of bisexual people (and others who have had lovers of varying sexes) to the body of work available on film today. These include the directors, writers, actors, composers, and designers whose sexual orientation has informed their work. An analysis of the Motion Picture Production Code and its devastating effect on bisexual and homosexual screen images forms an important part of the book. You learn how, specifically, it eradicated gay, lesbian, and bisexual characters from Hollywood films as well as the role of bisexual, lesbian, and gay filmmakers in finally defeating it. Other questions you'll find answers to include: Who, or what, is a bisexual? How were bisexual characters represented in silent film, before the forces of censorship banned them from the screen? What bisexual myths and stereotypes are portrayed on film? What is the role of "camp" in bisexual film? *Bisexual Characters in Film* is a unique resource for researchers; librarians; film festival planners; the queer media; professors and students of lesbian, gay, and bisexual studies; bisexual activists; and general bisexual, gay, lesbian, and transgendered readers. It provides a much-needed view of bisexual representations in a major segment of our popular culture.

Twentieth-century French Dramatists Mary Anne O'Neil 2006 Essays on twentieth-century French playwrights who were largely influenced by non-French traditions, during the greatest age of French theater since the mid 1700s. French drama of the twentieth-century was cosmopolitan, experimental and eclectic and attempted to appeal to a wider audience than in the past. Dramatists came not only from Paris but from the provinces and the French states of the Caribbean as well as from Francophone countries such as Belgium.

The Year's Work in the Punk Bookshelf, Or, Lusty Scripts Brian James Schill 2017-09-25 This is the story of the books punks read and why they

read them. The Year's Work in the Punk Bookshelf challenges the stereotype that punk rock is a bastion of violent, drug-addicted, uneducated drop outs. Brian James Schill explores how, for decades, punk and postpunk subculture has absorbed, debated, and reintroduced into popular culture, philosophy, classic literature, poetry, and avant-garde theatre. Connecting punk to not only Hegel, Nietzsche, and Freud, but Dostoevsky, Rimbaud, Henry Miller, Kafka, and Philip K. Dick, this work documents and interprets the subculture's literary history. In detailing the punk bookshelf, Schill contends that punk's literary and intellectual interests can be traced to the sense of shame (whether physical, socioeconomic, cultural, or sexual) its advocates feel in the face of a shameless market economy that not only preoccupied many of punks' favorite writers but generated the entire punk polemic.

Private Readings/public Texts Kenneth Krauss 1993 In this volume, Kenneth Krauss maintains that if readers are to comprehend playscripts as plays, they must imagine the theatre audience - so vital to the staging of any script, but conspicuously absent from the text itself. Krauss examines what has been written about reading playscripts (or "playreading") and proposes four possible ways, founded on a reception-oriented approach to theatre communication and spectator response, that playreaders may construct a sense of theatre audiences.
