Omniodoxy Cometan 2019-02-11 The Omniodoxy is the founding treatise of the Astronist religion and was solely authored by the philosopher and religious founder, Cometan. Partitioned into twelve disquisitions, each of which are further divided into hundreds of discourses, which are themselves titled by those which are known as rubrals, The Omniodoxy has been codified according to a unique writing structure known as insentence. The Omniodoxy not only forms the foundations of Astronism, but it remains the primary modern contributor and the book that ignited the establishment of the Astronic tradition of religion which encompasses the philosophy of Astronism. Introducing brand new philosophical concepts such as cosmocentricity, reascensionism, transcensionism, and sentientism amongst many others, The Omniodoxy remains the principal signifier of a new era in philosophy. The Omniodoxy births hundreds of new belief orientations, schools of thought, neologisms, disciplines of study, theories, and concepts which, when combined and considered collectively, have formed the basis of Astronism. The authorship of The Omniodoxy rests with the single individual philosopher, Cometan who began writing The Omniodoxy at the age of seventeen driven by what he terms as personal inspiration. The historical origination of The Omniodoxy rests in its authorship by Brandon Taylorian during early 21st century England, specifically in the northern county of Lancashire. Like in all textual criticism, the timing and location of the codification of The Omniodoxy is integral to understanding why and how it was written, especially by considering the influential factors impacting Taylorian during his construction of the text, particularly the cultural, political, religious, and social contexts of Taylorian's personal life and of wider society at the time. This forms an important branch of study within omnidoxicology known as omnidoxical criticism, or omnidoxical exegesis in which scholars study and investigate The Omniodoxy in order to discern conclusive judgements inspired by how, where, why, by whom, for whom, and in what circumstances The Omniodoxy was written.
