**What the Hell Did I Just Read** David Wong 2017-10-03 It's the story "They" don't want you to read. Though, to be fair, "They" are probably right about this one. To quote the Bible, "Learning the truth can be like loosening a necktie, only to realize it was the only thing keeping your head attached." No, don't put the book back on the shelf -- it is now your duty to purchase it to prevent others from reading it. Yes, it works with e-books, too, I don't have time to explain how. While investigating a fairly straightforward case of a shape-shifting interdimensional child predator, Dave, John and Amy realized there might actually be something weird going on. Together, they navigate a diabolically convoluted maze of illusions, lies, and their own incompetence in an attempt to uncover a terrible truth they -- like you -- would be better off not knowing. Your first impulse will be to think that a story this gruesome -- and, to be frank, stupid -- cannot possibly be true. That is precisely the reaction "They" are hoping for. John Dies at the End's "smart take on fear manages to tap into readers' existential dread on one page, then have them laughing the next" (Publishers Weekly) and This Book is Full of Spiders was "unlike any other book of the genre" (Washington Post). Now, New York Times bestselling author David Wong is back with What the Hell Did I Just Read, the third installment of this black-humored thriller series.

**Callahan's Lady** Spider Robinson 2001-08-28 Lady Sally's is an internationally notorious bordello. Lady Sally, like her famous husband, time-traveling bartender Mike Callahan, doesn't insist her customers even be human, as long as they have good manners. Small wonder, then, that she and her staff encounter beings like Diana the deadly dominatrix who cannot be disobeyed; Tony Donuts, the moronic man-monster even the Mafia won't mess with; or Charles, the werewolf with a distinct difference.

**Assassin of Gor** John Norman 2014-05 Welcome to Gor, a parallel Earth where social norms are exotic and the way of life is brutal. In the fifth book in the Gorean Saga, the deadly assassin Kuurus is intent on a bloody mission of vengeance. His adventure takes him from the caste of the pleasure-slaves, who are rigorously trained in the rules and techniques of sexual ecstasy, to the brutal arenas where humans participate in deadly hand-to-hand combat. He witnesses violence, conflict, and uncertainty, as the inhabitants of Counter-Earth are forced to confront their destinies . . . no matter how exalted or debased. Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire.

Telemath Spider Robinson 1983 Isham Stone, the world's second-best assassin, goes into the ruins of a city after the greatest killer of all time, Wendall Morgan Carlson. But Carlson is guarded by ghosts--beings

from an ancient civilization that shared the Earth with humans for millions of years, and who have now declared war on the human race, all thanks to the man Isham has come to kill.

King Bullet Richard Kadrey 2021-08-17 The incredible finale of the page-turning, high-octane Sandman Slim series filled with an explosive ending and intense kick-ass action from New York Times bestselling author Richard Kadrey. It's been three months since Stark stopped a death cult and a potential ghost apocalypse, and he's at loose ends. His personal life is a mess. His professional life isn't much better. And the world...well, the world is going to shit. L.A. is gripped by a viral epidemic that has everyone wearing masks and keeping their distance from each other. But what's even more frightening is the Shoggot gang and their leader, King Bullet, who revels in the city's collapse. Who is King Bullet? No one knows. He seemingly came from nowhere with nothing but a taste for mayhem and an army of crazed killers who follow his every command. What king wants seems simple on it face: Chaos. Destruction. A city in flames. But there's more to the king and his plans for L.A. and what Stark discovers will change Heaven, Earth, and Stark himself forever.

If This Book Exists, You're in the Wrong Universe Jason Pargin 2022-10-18 New York Times bestselling author Jason Pargin's hilarious and horrifying John Dies at the End series continues with If This Book Exists, You're in the Wrong Universe. "Pargin once again delights with scathing social commentary thinly disguised as an outrageous action novel...This is a feast."—Publishers Weekly "Within the snarky humor is an incisive commentary on social media and the state of our connected world, and a story about trauma and how people lash out when they're hurt...This isn't just a funny tale of inept supernatural investigators; it's a story of people struggling through pain to find a better path. Pargin offers us a welcome note of hope." —Booklist If the broken neon signs, shuttered storefronts, and sub-standard housing didn't tip you off, you've just wandered into the city of "Undisclosed". You don't want to be caught dead here, because odds are you just might find yourself rising from the grave. That hasn't stopped tourists from visiting to check out the unusual phenomena that hangs around our town like radioactive fallout. Interdimensional parasites feeding on human hosts, paranormal cults worshipping demonic entities, vengeful teenage sorcerers, we've got it all. Did I mention the possessed toy? It's a plastic football-sized egg that's supposed to hatch an adorable, colorful stuffed bird when a child "feeds" it through a synchronized smartphone app. What's actually inside is an otherworldly monstrosity that's enticing impressionable wayward youth into murdering folks and depositing their body parts inside the egg as if it's a hungry piggy bank to trigger the end of the world. That's where Dave, John, and Amy come in. They face supernatural threats so the rest of us don't have to—and sometimes even earn a couple of bucks to so do. But between the bloody ritual sacrifices and soul-crushing nightmares, our trio realizes this apocalypse is way above their pay grade.

**Zoey Punches the Future in the Dick** Jason Pargin 2020-10-13 THE NATIONAL BESTSELLER New York Times bestselling author David Wong's Zoey Punches the Future in the Dick is the latest—and arguably greatest—sci-fi thriller in the Zoey Ashe Series. In the futuristic city of Tabula Ra\$a, Zoey Ashe is like a fish so far out of water that it has achieved orbit. After inheriting a criminal empire, the twenty-three year-old finds herself under threat from all sides as a rogue's gallery of larger-than-life enemies think they smell weakness. On the eve of the world's most lavish and ridiculous Halloween celebration, a steamer trunk-sized box arrives at Zoey's door and she is shocked to find that it contains a disemboweled corpse. She is even more shocked when that corpse, controlled by an unknown party, rises and goes on a rampage through the house. Speaking in an electronic voice, it publicly accuses Zoey of being its murderer. This is the kind of thing that almost never happened at her old job. The city was already a ticking time bomb of publicity-hungry vigilantes with superhuman enhancements and Zoey knows this turn of events is unlikely

to improve the situation. Now, she and her team of high-tech tricksters have to solve this bizarre murder while simultaneously keeping Tabula Ra\$ from descending into chaos. "Biting humor and blatant digs at modern society overlay a subtly brilliant and thoughtful plot" (Publishers Weekly) in John Dies at the End author David Wong's first installment of the Zoey Ashe Series, Futuristic Violence and Fancy Suits. Now, "one of today's great satirists" (Nerdist) is back with Zoey Punches the Future in the Dick, the second installment in a "Technicolor tomorrowland." (Kirkus Reviews)
