Small Gas Engine Repair Paul Dempsey 1993

This popular guide is just the thing for people who seem to spend more time arguing with their

lawn mowers than they do using them. With

Small Gas Engine Repair, do-it-yourselfers can fix any small gas-powered machine on the spot and save hundreds of dollars in technical fees.

The book's also a great source of troubleshooting and preventive maintenance techniques. Enhanced illustrations and lots of

new material make up this second edition, including coverage of new American engines,

emissions testing procedures, carburetor

rebuilding techniques, and new starter and ignition systems. Japanese engines are also

highlighted for the first time.

Popular Science 1980-04 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
