Who's who & What's what in the Books of Dr. Seuss 2000

The Dr. Seuss Catalog Richard H.F. Lindemann 2015-02-16 Theodor Seuss Geisel—known worldwide as the beloved children's author Dr. Seuss—produced a body of work that spans more than 70 years. Though most often associated with children's books, he frequently contributed cartoons and humorous essays to popular magazines, produced effective and memorable advertising campaigns (“Quick, Henry, the Flit!”), and won Oscars and Emmys for motion picture productions, animated shorts, and features. As founder and president of Beginner Books, his influence on children's book publishing was revolutionary, especially in the field of elementary readers. Geisel's prolific career—he wrote or contributed illustrations to more than 75 books, most of which have been reprinted

repeatedly and translated worldwide—and his predilection for made-up creatures make this joint bibliography and iconography especially useful to readers and researchers. The exhaustive bibliography is arranged chronologically, providing full bibliographic information, including translations as they appear, reissue information, and descriptions of the binding. The iconography links more than 900 fictional names, places and terms to the works in which they appear. For the reader seeking a first edition of *Quomodo Invidiosulus Nomine Grinchus Christi Natalem Abrogaverit* (How the Grinch Stole Christmas! translated into Latin) or hoping to identify “abrasion-contusions” (race cars in *If I Ran the Circus!*), this work promises as much discovery as a walk down Mulberry Street.

The Power of Poems Margriet Ruurs 2000 Provides instructions and activities for introducing children in grades three through eight to the reading and writing of poetry, focusing on the components of content and craft.

How Do I Teach This Kid to Read? Kimberly A. Henry 2010 Award-winning author of the *How Do I Teach This Kid* series, Kim Henry extends her expertise to the realm of reading. In this book, she presents simple instructional strategies for developing early literacy skills in young children with autism. She provides evidence-based research to support her strategies and addresses topics such as phonemic awareness, phonics, fluency, vocabulary, and text comprehension. Included are creative activities and interesting lesson plans that can be easily adapted or combined with other teaching methods to suit teachers' and students' individual needs. A bonus CD of printable lesson plans is also included!

I Can Read It All by Myself Paul V. Allen 2021-05-28 In the late 1950s, Ted Geisel took on the challenge of creating a book using only 250 unique first-grade words, something that aspiring readers would have both the ability and the desire to read. The result was an unlikely children's classic, *The Cat in the Hat*. But Geisel didn't stop there. Using *The Cat in the Hat* as a template, he teamed with Helen Geisel and Phyllis Cerf to create Beginner Books, a whole new category of readers that combined research-based literacy practices with the logical insanity of Dr. Seuss. The books were an enormous success, giving the world such authors and illustrators as P. D. Eastman, Roy McKie, and Stan and Jan Berenstain, and beloved bestsellers such as *Are You My Mother?*; *Go, Dog. Go!*; *Put Me in the Zoo*; and *Green Eggs and Ham*. The story of Beginner Books—and Ted Geisel's role as “president, policymaker, and editor” of the line for thirty years—has been told briefly in various biographies of Dr. Seuss, but *I Can Read It All by Myself: The Beginner Books Story* presents it in full detail for the first time. Drawn from archival research and dozens of brand-new interviews, *I Can Read It All by Myself* explores the origins, philosophies, and operations of Beginner Books from *The Cat in the Hat* in 1957 to 2019's *A Skunk in My Bunk*, and reveals the often-fascinating lives of the writers and illustrators who created them.
