**The Wizard's Promise** Cassandra Rose Clarke 2014-05-06 Hanna has spent her life hearing about the adventures of her namesake Ananna, the lady pirate, and assassin Naji. She dreams of the same adventures, but little does she know she is about to tumble into one of her own. Hanna is apprenticed to a taciturn fisherman called Kolor, and, during a day of storms and darkness, are swept wildly off course. In this strange new land, Kolor hires a stranger to join the crew and, rather than heading home, sets a course for the dangerous island of Jadanvar. As Hanna meets a secretive merboy, and learns that Kolor has a deadly past, she soon realizes that wishing for adventures is a dangerous game - because those wishes might come true.

**Literature for Young Adults** Joan L. Knickerbocker 2019-08-28 Now in its second edition, this book explores a great variety of genres and formats of young adult literature while placing special emphasis on contemporary works with nontraditional themes, protagonists, and literary conventions that are well suited to young adult readers. It looks at the ways in which contemporary readers can access literature and share the works they're reading, and it shows teachers the resources that are available, especially online, for choosing and using good literature in the classroom and for recommending books for their students' personal reading. In addition to traditional genre chapters, this book includes chapters on literary nonfiction; poetry, short stories, and drama; and film. Graphic novels, diversity issues, and uses of technology are also included throughout the text. The book's discussion of literary language—including traditional elements as well as metafictional terms—enables readers to share in a literary conversation with their peers (and others) when communicating about books. This book is an essential resource for preservice educators to help young adults understand and appreciate the excellent literature that is available to them. New to the second edition: New popular authors, books, and movies with a greater focus on diversity of literature Updated coverage of new trends, such as metafiction, a renewed focus on nonfiction, and retellings of canonical works Increased attention to graphic novels and multimodal texts throughout the book eResources with downloadable materials, including book lists, awards lists, and Focus Questions

In this strange new land, Kolor hires a stranger to join the crew and, rather than heading home, sets a course for the dangerous island of Jadanvar. As Hanna meets a secretive merboy—and learns that Kolor has a deadly past—she soon realizes that wishing for adventures can be deadly...because those wishes might come true.

The Green Glass Sea Ellen Klages 2008-05-01 It is 1943, and 11-year-old Dewey Kerrigan is traveling west on a train to live with her scientist father—but no one, not her father nor the military guardians who accompany her, will tell her exactly where he is. When she reaches Los Alamos, New Mexico, she learns why: he's working on a top secret government program. Over the next few years, Dewey gets to know eminent scientists, starts tinkering with her own mechanical projects, becomes friends with a budding artist who is as much of a misfit as she is—and, all the while, has no idea how the Manhattan Project is about to change the world. This book's fresh prose and fascinating subject are like nothing you've read before. Everyone who deals with middle-grade kids — parents, teacher, librarians — is busy answering questions about a movie they have heard so much about, but are too young to see. *Green Glass Sea* will answer their questions and more.

**Out of Left Field** Ellen Klages 2018-05-01 A story about the fight for equal rights in America's favorite arena: the baseball field! Every boy in the neighborhood knows Katy Gordon is their best pitcher, even though she's a girl. But when she tries out for Little League, it's a whole different story. Girls are not eligible, period. It is a boy's game and always has been. It's not fair, and Katy's going to fight back. Inspired by what she's learning about civil rights in school, she sets out to prove that she's not the only girl who plays baseball. With the help of friendly librarians and some tenacious research skills, Katy discovers the forgotten history of female ball players. Why does no one know about them? Where are they now? And how can one ten-year-old change

people's minds about what girls can do? Set in 1957—the world of Sputnik and Leave It to Beaver, saddle shoes and "Heartbreak Hotel"—Out of Left Field is both a detailed picture of a fascinating historic period and a timelessly inspiring story about standing up for equality at any age.

**R|EVOLUTIONS** Jennifer Craig 2009-03-26 Can art change the world? Or can art produce new knowledge that facilitates radical change in our slowly-evolving communities? If so, then we must ask: How does cultural transformation, whether super or slight, affect our understanding of culture and the world? Operating under the rubric of resistance and reform, R|EVOLUTIONS: Mapping Culture, Community and Change is a unique scholarly collection that seeks to illuminate current understandings of art, aesthetics, and the revolutionary impulse. The resulting work interrogates intersections between culture and community, revolution and evolution. At the same time, it examines how enduring social issues intertwine with current concerns, such as representations of the body or the book. Multidisciplinary in approach, topics run from subversive uses of the body in Renaissance drama to the effect of the atom bomb on postmodern culture. From Mark Wallinger's Turner Prize-winning performance in a bear suit, to Angela Carter's concept of sexual multiplicity in *The Passion of New Eve*. Cutting-edge and politically engaging, R|Evolutions will appeal to general readers as well as the specialist, and it is designed for scholars not only interested in issues of cultural production, but also in the evolution of politics and perception over time.
