The American Directory of Writer's Guidelines Brigitte M. Phillips 2005 Perhaps the best-kept secret in the publishing industry is that many publishers both periodical publishers and book publishers make available writer's guidelines to assist would-be contributors. Written by the staff at each publishing house, these guidelines help

writers target their submissions to the exact needs of the individual publisher. The American Directory of Writer's Guidelines is a compilation of the actual writer's guidelines for more than 1,500 publishers. A one-of-a-kind source to browse for article, short story, poetry and book ideas.

The Maplin Electronic Circuits Handbook

Michael Tooley 2015-04-30 The Maplin Electronic Circuits Handbook provides pertinent data, formula, explanation, practical guidance, theory and practical guidance in the design, testing, and construction of electronic circuits. This book discusses the developments in electronics technology techniques. Organized into 11 chapters, this book begins with an overview of the common types of passive component. This text then provides the reader with sufficient information to make a correct selection of passive components for use in the circuits. Other chapters consider the various

types of the most commonly used semiconductor devices. This book discusses as well the correct operation of the power supply, which is crucial to most electronic circuits. The final chapter deals with the final Maplin project, Gavin Cheeseman's DigiDice, which makes use of digital rather than analog methods and neatly shows how electronics can be put to use in a novel yet familiar application. This book is a valuable resource for electronic engineers, students and electronics enthusiasts.

The American Directory of Writer's Guidelines

Stephen Blake Mettee 2005-12 Perhaps the best-kept secret in the publishing industry is that many publishers--both periodical publishers and book publishers--make available writer's guidelines to assist would-be contributions. Written by the staff at each publishing house, these guidelines help writers target their submissions to the exact needs of the individual publisher. The American Directory of Writer's Guidelines is a compilation of the actual writer's

guidelines for more than 1,600 publishers. A one-of-a-kind source to browse for article, short story, poetry and book ideas.
