Sikhs in Continental Europe

Swarn Singh Kahlon

2020-11-25 This book is the third in the trilogy of books looking at the comparatively less-known destinations of Sikh migration to non-English speaking countries. The first one was Sikhs in Latin America, followed by Sikhs in Asia Pacific. Earlier Sikh migration was focused on the British Commonwealth and the USA. Once restrictions were placed on entering the UK, the Sikhs were forced to explore the possibility of migrating to other countries including Continental Europe. The pace of migration picked up in 1970s. Later there were more asylum seekers in the 1980s and 1990s adding to the migration numbers. Some could enter Europe through legal channels, while others found alternative routes as undocumented migrants. Sikhs found employment mostly as

unskilled labour but now they have been able to create niche professions such as dairying in Italy and restaurants/bars in Finland. There is now a large second generation who is fully qualified to enter other professions. The author describes how Sikhs have kept up their traditions through 'Nagar Kirtans', Turban, Youth Summer camps, and 'sewa'. There are almost 140 gurdwaras in Europe with a meagre population of less than a quarter million. IETE Technical Review 1991 Afflictions Robert Lemelson 2017-07-26 This book is one of the first to integrate psychological and medical anthropology with the

methodologies of visual anthropology, specifically ethnographic film. It discusses and complements the work presented in *Afflictions: Culture and Mental Illness in Indonesia*, the first film series on psychiatric disorders in the developing world, in order to explore pertinent issues in the cross-cultural study of mental illness and advocate for the unique role film can play both in the discipline and in participants' lives. Through ethnographically rich and self-reflexive discussions of the films, their production, and their impact, the book at once provides theoretical and practical guidance, encouragement, and caveats for students and others who may want to make such films.

Early Intervention James Hughes 2015-04-30

Governments and social agencies tackle the toughest social problems their citizens face -- poverty, homelessness, mental and physical illness, violence, abuse, and more. Yet these problems persist in Canada -- in many cases, they are worsening -- and the costs of the social safety net continue to rise. New approaches have been developed by innovators frustrated by the failure of traditional programs and policies, in Canada and internationally. Many of the most promising new approaches use a strategy of

early intervention -- identifying and tackling problems without delay. Regardless of the problem, innovative, well-designed programs based on early intervention have generated better results for the individuals involved and for society as a whole. Often, the associated costs to government have been reduced. In *Early Intervention* James Hughes showcases the best of these innovative approaches. He provides representative real-life case histories of Canadian beneficiaries of this new thinking and presents the findings of researchers who have compared the outcomes of new approaches with traditional ones. Putting the social safety net into place was one of Canada's great achievements in the 20th century. Revamping those programs so they make a greater contribution to the quality of life of all Canadians is the challenge for the early 21st century. In this book, James Hughes shows how this can be done. He provides the background information

needed by anyone who wants to help reform and improve Canadian social policy.

Sikhs in Asia Pacific Swarn Singh Kahlon 2016-09-13 The Asia Pacific region is a vital and under-recognized home for the Sikh diaspora. Before 1947, most Sikhs migrated East. In addition to the commonly known destinations, the author also examines lesser known cases of Sikh migration to China, Korea, Japan and the Philippines. The book covers various aspects of the diaspora including the history of migration relating to the British Indian Army police force. The British gave preference in recruiting Sikhs, and encouraged them to build gurdwaras and supported them to keep their Sikh identity.
