Gestion des ressources humaines et gestion des entreprises

publiques en République démocratique du Congo Mpasi zamuntu

emile 2020-10-09 Ce tableau panoramique de la gestion des entreprises publiques congolaises montre comment celles-ci ont évolué depuis l'époque précoloniale et coloniale jusqu'à la réforme de 2008 pour en tirer les conséquences de leur mode de gestion. Ce livre est un outil pratique pour tous ceux que les problèmes de la Gestion des Ressources Humaines (GRH) en RDC préoccupent. L'auteur propose un regard lucide sur la fonction RH, sa priorité et son importance.

The Human Right to Health and Corporate Responsibility in Sub-

Saharan Africa Thierry Ngosso 2025-12-11 This philosophically and legally grounded volume explores the human right to health in Sub-Saharan Africa, focusing on corporate responsibility. Combining practical insights with thorough scholarship, it analyzes the universal legal basis of the right, the responsibilities it entails, and how it is applied within specific African contexts. Health has long been recognized as a fundamental human right, protected by Article 25 of the 1948 Universal Declaration of Human Rights and Article 12 of the 1966 International Covenant on Economic, Social and Cultural Rights. While the obligation of states to uphold this right is clear, the extent of corporate responsibility, legally and in stakeholder expectations, remains unclear. This book fills that gap by advocating for a strategic and context-aware approach to corporate health obligations in Africa. It emphasizes that such responsibilities should stand apart from the capacity or political will of states to fulfill their own human rights commitments. The book gathers contributors from diverse countries and disciplines, such as law, political science, ethics, and medicine. It examines whether, and how, corporations, businesses, and other private entities can be held to binding human rights duties, especially concerning the right to health. It also discusses how these duties might be implemented in African settings through policies, regulations, public health programs, and corporate accountability systems. A distinctive feature of the book is its engagement with African intellectual traditions to strengthen the normative concept of corporate responsibility. It also emphasizes the importance of shared responsibility between public and private actors in addressing structural health challenges on the continent. The Human Right to Health and Corporate Responsibility in Sub-Saharan Africa is a timely academic and research resource for scholars and students in law, philosophy, ethics, business, public health, and the social sciences. It is also of interest to policymakers, NGOs, and human rights advocates seeking to align corporate conduct with fundamental human rights in African settings.

Police Allemande : Stratégies pour Atteindre les Objectifs

Edenilson Brandl Ce livre est un guide pour l'application de divers outils de gestion et de connaissance qui peuvent être utiles à la police allemande dans son travail quotidien. Les outils abordés ici puisent leurs racines dans plusieurs domaines du savoir, de la gestion de l'environnement à la neuroinformatique, en passant par l'analyse financière, le leadership situationnel, entre autres. L'objectif de ce livre est de donner un aperçu de ces outils, en expliquant ce qu'ils sont, comment ils fonctionnent et comment ils peuvent être appliqués par la police allemande pour améliorer leurs processus et accroître l'efficacité de leur travail. De plus, ce livre présente également des enseignements importants de livres tels que "Lean Inception", "Enterprise Risk Management", "An Introduction to Formal Logic" et autres. Tout au long de ce livre, vous trouverez des informations pratiques et des conseils pour mettre en œuvre ces outils dans le travail quotidien de la police allemande. Chaque chapitre couvre un outil différent, avec des exemples concrets et des instructions étape par étape. Ce livre n'a pas pour but d'épuiser le sujet de la gestion et des connaissances, mais plutôt de présenter une sélection d'outils utiles pouvant être appliqués par la police allemande. J'espère que ce livre pourra être une source d'inspiration et de conseils pour ceux qui cherchent à améliorer les performances de la police allemande et à assurer la sécurité de tous les citoyens.

Initiation à l'économie et à la gestion d'entreprise Ute Nikolay 2016-05-24 L'ouvrage constitue une introduction au lexique français de l'économie et de la gestion. Il s'adresse aux étudiants et professionnels non francophones disposant de bonnes connaissances de la langue française ainsi qu'aux enseignants de français économique. Il présente un riche panorama de thèmes économiques, juridiques, sociaux et culturels et des exercices afin de familiariser le lecteur avec les notions de base de la science économique. This book serves as an introduction to the French language of economy and business economics. Aimed at non-Francophone students and professionals with a good knowledge of French and at teachers of business French, it discusses a vast array of economic, legal, social and cultural topics and contains numerous exercises. The volume is intended to familiarize its readers with the basics of economics.
