[The Mercury Formula](#) J. R. Sedivy 2017-11-13 In "The Mercury Formula: Three Steps to Self-Transformation" alchemist JR Sedivy presents foundational wisdom of the ages, made relevant for today's spiritual seekers. Through the ages, diverse spiritual and mystic traditions have developed pathways to wisdom and inner power based on universal spiritual laws. These esoteric truths were historically kept as closely guarded secrets, accessible only to a select few initiates through lifetimes of disciplined study. Go to TheMercuryFormula.com for inspiration and education provided in this new work. Many of these concepts have recently become widely known and accepted in spiritual circles. However, outside of an established spiritual tradition many experience the path to spiritual

power and purpose to be truly labyrinthine. The Mercury Formula reformulates the old mystery school wisdom into a concise, practical manual that not only explains the spiritual truths, but offers a clear and precise formula for intense and rapid personal discovery and transformation--ideal for those feeling the urgent inner call to realize their purpose and create the change they want to see in the world.

2016-12-29 What do you think of when you read the term "magick"? Witches performing spells? Medieval ceremonialism performed in hooded robes? Stage illusionists pulling bunnies out of hats? Special effects from fantasy films? Some force that you may or may not believe in? In this book, we would like to narrow it down a little further and say that magick is the art and science of using ritual technology to cause change. In short, the work of the magician is to do whatever is necessary to create an altered state that results in change and in the desired outcome.

Seeds of Magick Catherine Summers 1991
Inspires free-thinking occultism as it explores the ideas of magic as a whole and introduces the reader to a particularly potent magical system called "Serket", a tool for developing personal

2017-07-22 This book contains simple rituals that bring the money you desire. No demons, no darkness; you get powerful, light magick, using angelic names and sigils. Your wants and needs are converted into reality, through the power of magick. Ritual One is a rejection of personal poverty. Ritual Two will remove your financial desperation, to help you allow and attract a new financial future. Ritual Three removes the blockages that prevent wealth from coming to you. Ritual Four is a petition for riches, and this is a master working that helps to attract money into your life over the coming year. Ritual Five is designed to attract a specific sum of money, to solve a problem or fulfil a desire. Ritual Six increases your wages, or income from business or sales.

Ritual Seven increases your luck in games of chance, including lotteries, card games and any form of gambling. The magick used in this book comes from many sources. If it works, it's in the book. You'll discover the six secret names of the archangel Metatron to access wealth four gnostic angels that break through financial barriers a secret pathworking technique that accesses the power of ancient gods The book explains the source of these magickal techniques, but only in brief, so you can put your focus on getting the magick to work. The methods are safe, and you don't need special equipment. All you need is an open mind and a willingness to work the magick as instructed. When you get money through magick, it's one of the best feelings in the world. This book can bring you that feeling.

Fantasy and Your Family Richard Abanes 2002
Fantasy and Your Family by bestselling author Richard Abanes presents a much-needed assessment of fantasy - its benefits and its

drawbacks. Abanes begins with an in-depth look at folklore, myths, legends, and fairy tales, and their connection to fantasy. Part one also discusses issues involving child development, the affects of literature on children, and how those affects can ultimately change the course of society. Additionally, Abanes examines pop culture, the media, mass marketing, and the commercialization of children's literature by corporations interested primarily in making money. This volume then looks at the life of fantasy writer J.R.R. Tolkien, the popularity of his fantasy works, their content, and what separates them from other fantasy volumes such as Harry Potter by J.K. Rowling and the children's horror books by R.L. Stine. A particularly interesting survey of Tolkien's The Lord of the Rings includes a thorough analysis of its storyline, characters, and morality. These are compared side-by-side with Harry Potter. Finally, Abanes gives an overview of our culture's growing obsession with the occult,

paganism, and witchcraft. Why is it happening? When did it begin? How is it influencing today's youth? All of these questions are answered through a concise, easy-to-understand writing style. Especially fascinating are the numerous sources of documentations that shows children are indeed being drawn to the occult via Harry Potter. Included are dozens of quotes by Wiccans, neopagans, and occultists that clearly express their belief that Rowling's fantasy will do much to further witchcraft and the occult. - Amazon.

The Magickal Rites of Prosperity Baal Kadmon

2015-10-22 Thank you for your interest in The Magickal Rites of Prosperity. Let's face it, whether we like money or not, in this world, we need it. Money makes the world go-round. This has been the case since the dawn of humanity. Although in the most ancient of days money was not used, but other goods were. Grain, livestock

and goods of all types were used to obtain other goods. It was a bartering system as it were. Today we use money as a means of obtaining goods, but in all actuality, it is still bartering, it is just that we have added an extra element to it. Money now allows us to exchanges goods. It gives us the right to. So in this sense money is the gatekeeper between one good and the other. I am writing this book in response to several requests. I have had several people come to me asking me for a book just on money magick. In most, if not all my books I supply magickal rites for money, in this book I will bring the best of them together in one volume. And I will include a new one from an upcoming series. Money is a big issue for most people and so this book will come in very helpful to many. Unfortunately, Money has such a bad reputation and that is part of why so many are in need of it, most of this reputation is based on a few misconceptions. In the next chapter, I am hoping we can banish some of the misconceptions of

money. After that, we will briefly discuss how hidden thoughts about money sabotage you and finally, we will get right into the rituals and what is needed for them. Let us proceed

Wealth Magick Damon Brand 2014-10-30 Damon Brand reveals the closely guarded secrets of the super-rich. This much sought-after volume is available once more. It contains a complete magickal system for attracting great wealth. The system has been developed over thirty years by

a group of occultists known as The Gallery of Magick. Magick is not for everybody, and the magick in this book is certainly not suitable for the casual user, or for somebody who just wants a little extra cash. Although you do not need any particular skills or experience to benefit from this book, you do need to dedicate time, effort and mental energy to the working, as well as moving the focus of your life to wealth. If you are prepared for that level of commitment, there can be great rewards. This book is designed for those who want to focus on long term wealth creation. It is not designed for those in desperate poverty, but for those who can afford to turn their attention to wealth. Damon says, 'To be clear, and for the sake of complete honesty, I am not super-rich, but I am extremely wealthy compared to where I was a few years ago, and compared to my childhood I feel like a billionaire. I have also found that the effects of the working grew long after it was initially performed, with my wealth continuing to expand

years later. 'How rich you become is up to you. Wealth Magick concentrates magick into a series of workings that will enable you to attract the wealth you desire. If you want money, it's yours. As Damon Brand points out, magick is often over-complicated. He says, 'Before you know it you're trying ten different methods at once and your house is filled with candles, altars, incense and all sorts of images, crystals and magickal gadgets. The good news is that most of this can be thrown out. Everything you need is contained in Wealth Magick.' You do not have to spend years performing endless spells or make offerings to dangerous spirits. This method has been concentrated into the purest magick. You begin attracting wealth from day one. You should note, however, that this is not a quick fix, and although the daily rituals are brief, several months of dedication are required. The magickal operations in this book are not about attracting a little extra cash. They are about creating a completely new lifestyle, based on a flow of

extreme prosperity. Only go ahead if you genuinely want to focus on creating wealth and if you are willing to accept the challenges and changes that come with extreme wealth. You will discover: The number one mistake people make when trying to manifest money. A set of unique secret seals, drawn from ancient texts and combined with modern magick. The power of The Daily Practice. Seven wealth workings that can not be found anywhere else. **WARNING:** This book uses angels and demons to attain your desires. The entire working is made safe by three omnipotent angels who oversee the operation, but if the thought of working with demons makes you uneasy, look to my other books such as *Magickal Cashbook* and *Magickal Riches*, which have no demonic content. **DISCLAIMER:** Magick is not for everybody. If you are drawn to magick, you will get good results. If you are afraid of magick, you will not. The magick in Damon Brand's books has been developed by The Gallery of Magick to get

results safely. There is plenty of evil in the world, but there is no evil in these books. You will not be punished by karma or chased down by demons, and there is no magickal backlash that will punish you for being rich. But if you are afraid of magick or think that magick is evil or that you are underserving of wealth, this book is not for you. If you're uncertain, you can read more about magick on the website. If you feel that magick can help you take control of your life, then welcome the power that this book offers.
