Most notable is the duplicate content issues that can get your site penalized by the search engines. Create one post, add a few tags, and post it into a couple of relevant categories. All of a sudden you may have over a dozen pages on your site with the exact same article! But there is an easy solution to the duplicate content issues. *Wordpress SEO 2020* will teach you how to set up your Wordpress website in an efficient and search engine friendly manner, to minimize duplicate content and to maximize your exposure in the search engines. In the book you will learn:

- Why a good web host is a must and how to test a host for reliability and page load times.
- What is a CDN and why should you use one. Some web hosts provide this for free!
- What to look for in a Wordpress theme, and how to set it up for minimal content duplication.
- The importance of using Google's Search Console, Analytics and Webmaster Guidelines.
- The Wordpress settings that affect your SEO efforts, and how to set these up properly.
- How to use some essential plugins to help you with your Wordpress SEO as well as several non-essential, though highly recommended Wordpress plugins.
- How to use of category and tag pages as powerful ranking pages without the duplication problems that force most webmasters to noindex these power pages.
- How to create a navigation system on your site that will keep visitors and Google happy, including the importance of dynamic navigation system (and how to implement them).
- Whether you actually need a robots.txt file.
- The difference between posts and pages, and how to use each to their strengths.
- Whether you need www. at the start of your domain name.
- How to set up the homepage, as you want it.
- About site-wide considerations, and how to use the nofollow tag on certain pages.
- The importance of good post excerpts.
- How to schedule posts.
- My checklist for creating high quality, SEO content for my own sites.
- How to install, setup and use the best SEO plugin out there.
- How to install and configure a plugin that will speed up page load times.
- And much, much

Off-Site Seo Guide: A Hands-On Seo Tutorial for Beginners & Dummies

Rana Tarakji 2018-09-14 Have you ever wondered how search engines display websites in search engine results and how you can get your website to rank on the first page of Google organically? This book will teach you in detail how to do just that via off-site search engine optimization. What does SEO stand for? What's the difference between on-site SEO and off-site SEO and why does off-site SEO matter? In this book, we are going to answer all of the aforementioned questions as well as take a closer look at off-site or off-page search engine optimization and how to implement it correctly for online website success. We will

discuss off-page SEO methods and strategies such as blogger outreach for link building, the Skyscraper link building technique, broken link building, white-hat link building, scholarship link-building and backlink building for e-commerce websites. We will also discuss and explore popular SEO tools and platforms such as Moz, Buzzstream, Buzzsumo, Ahrefs, and SEMrush. While off-page SEO may sound like a lot of technical jargon, it is incredibly important if you want people to find your website on search engines and eventually purchase your products and services. Without a good search engine optimization strategy, you practically don't exist on Google as well as other search engines such as Yahoo and Bing. If you want to learn how to grow your website's online visibility and/or want to learn and practice new off-site SEO methods to grow your online presence and soar in the SERPs, then this book is for you!
