**Beyond** Darrell Hall 2024-04-16 If you are searching for practical strategies and arguments to defend your Christian faith, *How Science Has Discovered God: Physics, Metaphysics, and Beyond* is a must-read. Through meticulous research and analysis, Darrell Hall skillfully conveys scientific concepts and theories—from the origins of the universe to the origins of life—all the while displaying the fingerprints of an intelligent Creator. Hall bridges the perceived gap between reason and belief, offering compelling scientific, philosophical, historical, and theological arguments for the existence of God. *How Science Has Discovered God* is not just another book on the relationship between science and religion. It is a quest for the truth about reality and the meaning and purpose of life. It engages the reader in a thought-provoking exploration of Christian Apologetics, revealing the existence of a loving and purposeful Creator. Explore with the author: why God is the best explanation for the big bang, the fine-tuning of the universe, the mathematical intelligibility of the universe, the existence of mind, consciousness, and free will, and much more. Unearth the evidence for the claims of Jesus and his resurrection, and see how suffering and evil are best explained through a loving God. This authoritative and comprehensive study is sure to provide material for thought and inspiration. Over two thousand years ago, Jesus assured us that God is real, that God does care, and that everything we do does matter. With a willingness to follow where the evidence leads, join Darrell Hall in a search for truth. Open your mind and heart, and listen to the voice of God, as He speaks through His Creation, and His Son, Jesus Christ.

**Beyond Opinion** Ravi Zacharias 2010-01-10 A definitive master work from the world's leading Christian apologist. Respected apologist Ravi Zacharias was once sharing his faith with a Hindu when the man asked: "If the Christian faith is truly supernatural, why is it not more evident in the lives of so many Christians I know?" The question hit hard, and this book is an answer. Its purpose is to equip Christians everywhere to simultaneously defend the faith and be transformed by it into people of compassion. In addition to writing several chapters himself, Ravi Zacharias brings together many of today's leading apologists and Christian teachers, including Alister McGrath and John Lennox, to address topics present in the very future of worldwide Christianity—from the process of spiritual transformation to the challenges posed by militant atheism and a resurgent Islam. Destined to become a classic, *Beyond Opinion* is a touchstone that will affect Christians around the world.

**What God's Up To on Planet Earth?** Mark J. Keown 2011-05-07 Have you ever wondered, "Why am I here? What's gone wrong with the world? What is the answer? How will it all end? What do I have to do to know God?" *What's God up to on Planet Earth?* offers a no-strings-attached presentation of the Christian message written for those who are seeking answers to questions like these. Mark Keown gives a compelling vision of a loving God whose desire is the restoration of the whole world. The book focuses on the individual person and how he or she fits into this inspiring vision. It is a must-read for those seeking to understand the Christian faith more.

**A Letter from Christ** Kerry D. McRoberts 2012-02-15 Our nation is politically, ideologically, and socially polarized to the point of breaking; confusion dominates every layer of our culture. The church in America is "a letter from Christ" (2 Cor. 3:3), written to our politically cynical, socially insecure, and spiritually skeptical culture. Before the Gospel may become clear in our "post-everything" culture, we must make truth real

in our hearts. The purpose of this book is to (1) redefine dualistic frames in the minds of contemporary Christians that separate the "saved" from the advent of God's healing reign on Earth; (2) relate Christian compassion to a post-secular America; and (3) propose a redefinition of the Christian controlling narrative. Such a revised narrative will light the way for our "restless hearts" so that we, as a nation, may return from exile to restoration and rejoice in the sovereign reign of God in Christ. **Beyond Opinion: Living the Faith We Defend** Ravi Zacharias 2010 Addresses issues such as the validity of the Bible, the hypocrisy of its followers, and the need to make a new statement on faith, allowing Christians everywhere to simultaneously defend the faith and be transformed by it into people of compassion.

**Connecting Christ** Paul Louis Metzger 2012-05-07 We live in a multifaith society: an ever-growing, diverse cultural climate, where no religion is viewed as having a monopoly on truth. It is important when that Christ-followers not only share the Word of God but also listen and learn how to interact meaningfully with those of diverse perspectives as we engage in life's most important conversations. *Connecting Christ* encourages believers to be not only better communicators and witnesses but also listeners to people of other worldviews and traditions—skills that are crucial in defending against today's negative connotations and ineffective approaches associated with Christian evangelism. With extensive commentary from leaders of various walks of faith and life — from Judaism to Islam and Buddhism to atheism — theologian and author Dr. Paul Louis Metzger offers a spiritual compass to help navigate the intimidating yet critical dialogue of conveying our faith in Christ. Filled with practical guidance and insight into controversial topics, such as hell, fascism, and homosexuality, *Connecting Christ* reveals that there is a way of evangelizing that is neither disengaging monologue nor silent, lifestyle ministry but is, instead, an approach for evangelism and dialogue to go hand-in-hand. We must remove ourselves as the stumbling block to salvation for others and embrace a way to proclaim the uncommon, compassionate God revealed in Jesus Christ—the Savior this world is dying to know.
