Deathstalker Honor Simon R. Green 1998-11-01 Owen Deathstalker defends his honor in this thriller in New York Times bestselling author Simon R. Green's epic science fiction series. Owen Deathstalker became a hero after the great rebellion against the tyranny of Lionstone XIV. But he and his compatriots have no chance to enjoy their victory before they are launched into conflict again—this time among factions quarreling over who will replace the deposed Empress. Owen and Hazel d'Ark attempt to escape the ensuing chaos only to discover that Humanity has problems more pressing than political squabbles as they encounter an even greater threat—an encroaching invasion fleet of alien origin...

Deathstalker Legacy Simon R. Green 2004-05-20 It has been two hundred years since Owen Deathstalker fell, dying to save the Empire and all Humanity. Now it is a Golden Age for all: for men, for aliens and for the AIs of Shub. But one evil man has determined to bring it all crashing down, and now the Terror has finally arrived, threatening them all with extinction. The old heroes have become legends, and the cry goes out for new heroes. It's time for the latest Deathstalker, Lewis, to do his bit. Unfortunately, he and his companions, a diva, a conman, a homicidal psychopath and a reptiloid, have been outlawed and declared traitors. Deathstalker luck. Always bad. Unless Lewis Deathstalker can defy the odds to get to the Madness Maze and tread the same dangerous path to glory that his ancestor did, the Golden Age is about to be wiped out for ever. Together with Humanity . . .

Death Shall Come Simon R. Green 2025-06-26 The New York Times bestselling author continues his otherworldly Ishmael Jones noir mystery series—as an ancient mummy foreshadows a macabre murder... Death shall come on swift wings to whoever desecrates this tomb... So declared the supposed "curse" laid upon those who opened the tomb of Tutankhamun. Ishmael Jones, however, is concerned with a different

Egyptian altogether when he and his lady love Penny are personally tasked by the enigmatic Colonel to attend a very special event at the stately Cardavan House. Specifically, the exhibition of the sarcophagus of the very first queen in the line of Cleopatra, an artifact beyond value. The Colonel would like to know just how collector George Cardavan—a supposedly trusted associate of the Organization—managed to acquire it. That investigation quickly turns into something much more insidious when the sarcophagus is found open with no mummy and George's brutally murdered corpse nearby. Naturally, whispers of deadly curses abound. But Ishmael knows the killer is all too real—the only question is, who? A member of the fractious Cardavan family? A thief willing to kill for treasure? Or is it something else? Something far more dangerous? Something that can be heard walking in the darkest corridors of Cardavan House, searching for its next victim...?

Deathstalker War Simon R. Green 2016-05-16 Owen Deathstalker doesn't trust anyone, even his companions...especially his companions. But for the diplomatic mission to Mistworld, he'll have to try. Representing the Golgotha underground, Owen hopes to bring the planet into the rebellion--their powerful psychic "espers" would be an invaluable asset. But that's not Owen's only reason for visiting Mistworld. In fact, everyone aboard the Sunstrider II has a secret agenda. While Owen looks for an information-gathering network that his father set up, all-too-perfect Jack Random seeks out former allies, volatile esper Jenny Psycho searches for information about her power, and ex-pirate Hazel d'Ark pursues an old vice. Of course, success won't be easy and there's little time to spare. The Empire's recent esper attack already left Mistworld physically and politically exposed. Playing host to the leaders of the rebellion only makes the planet a juicier target and this time, the Empress will deploy her most ruthless weapon to crush Owen Deathstalker and the uprising, once and for all. Deathstalker: War is the

third book in New York Times bestselling author Simon R. Green's beloved space opera series.

Deathstalker Destiny Simon R. Green 2016-05-19 Owen Deathstalker has a prophecy to fulfill. Just as the espers foretold, Owen tumbled an empire and witnessed the end of everything he believed in...all that's left to do is die. But Owen has a few more scores he'd like to settle before his borrowed time is up. The Empire is besieged by nanotechnology plagues and AI invasions, while mysterious and horrific beings, known as "the Recreated," descend from the Darkvoid. But right now, Owen's only concern is rescuing Hazel d'Ark from the vicious Blood Runners who abducted her. He's already lost so much to become the leader and warrior he never wanted to be; he'll be damned if he loses Hazel too. So one more time, Owen Deathstalker will step up and be the hero—for Hazel, and then for Humanity. One more time, he'll call upon the gifts of the Deathstalker Clan to fulfill his destiny and face death. All while knowing that every "one more time" could be his last. **Deathstalker: Destiny** is the fifth book in New York Times bestselling author Simon R. Green's beloved space opera series. Don't miss the next chapter of the Deathstalker universe in **Deathstalker: Legacy**.

He — and according to prophecy, he alone — must travel back in time to stop the steadily advancing Terror before the galaxy is destroyed, leaving his descendant Lewis in command of the growing rebel army. Even as Emperor Finn Durandal's empire is on the brink of annihilation from the Terror, he will do anything, no matter how evil, to retain power. Deathstalker Simon R. Green 2016-05-04 Owen Deathstalker, last of the infamous warrior Clan, always considered himself more of a writer than a fighter, preferring his history books to making any actual history with a sword. But books won't protect him from Her Imperial Majesty Lionstone XIV, who just Outlawed and condemned Owen to death, without any explanation, reason, or warning. No wonder she's called the Iron Bitch. Now, on the run from Imperial starcruisers, shady mercenaries, and just about everyone else in the Empire, Owen's options are limited. Though the name Deathstalker still commands respect in certain quarters, out on the Rim, Owen is lucky he can cobble together a makeshift team of castoffs, including an ex-pirate, a cyborg, and a bounty hunter. But allies won't be enough to save him. If he's to live, Owen can either run forever...or take down the corrupt Empire. To do that, he'll need the fabled Darkvoid Device—an artifact dating back to the first Deathstalker and perhaps the only weapon powerful enough to help this ragtag rebellion win. The time has come for Owen to finally embrace his Deathstalker heritage...and all the blood and death that go along with it. **Deathstalker** is the first book in New York Times bestselling author

Simon R. Green's beloved space opera series. Praise for the Deathstalker series "Green blends derring-do, space battles and wry banter aplenty to form an eminently satisfying space opera."- Booklist "The action is fast and frenzied... consistently entertains with some wondrously quirky and warped characters."- Locus "An over-the-top masterpiece that veers between brutal comedy and touching riffs on love, loyalty and betrayal ... bloody funny and extremely bloody."- The Guardian (UK)

Deathstalker War Simon R. Green 1997-07-01 Owen Deathstalker fights to win a war against an empire in this sci-fi epic from New York Times bestselling author Simon R. Green. Embracing his warrior lineage for the sake of freedom, he stoked the flames of revolution, gathering the forces that one day must strike against Imperial authority. That day has come. With his valiant compatriots Hazel d'Ark and Jack Random, Owen must now bring the uprising to a fiery conclusion. From the rebel strongholds of Mistworld and Virimonde to the Empire's mighty heart on the planet of Golgotha, the fate of humanity now depends on a clash of arms across light-years of space. But Deathstalker's desperate

cause will need more than an army of courageous fighters to succeed—for the cunning Empress has some evil surprises to unleash...

Deathstalker Rebellion Simon R. Green 1996-07-01 New York Times bestselling author Simon R. Green continues his compelling space opera with the second novel in the Deathstalker series. Owen Deathstalker—outlawed, with a price on his head and the blood of a mighty warrior lineage in his veins—had no choice but to embrace a dangerous destiny. With nothing to lose, only he had the courage to take up arms against Queen Lionstone XIV. Now as he gathers his unlikely allies—the legendary washed-up hero Jack Random, the beautiful pirate Hazel d'Arc, the original Deathstalker long since presumed dead, and the alien Hadenmen whose purposes no human can discern—the eyes of the downtrodden are upon him while the freedom of a galaxy hangs in the balance...

Into the Thinnest of Air Simon R. Green 2025-06-26 The New York Times bestselling author continues his genre-bending Ishmael Jones noir mystery series in a tale of missing persons and murder... For otherworldly investigator Ishmael Jones, a chance to get away to the relaxing countryside doesn't come along every day—or ever, actually. His paramour Penny is taking him to the grand reopening of the historic Cornwall inn known as Tyrone's Castle—a place with a long, dark history of smugglers, murderers, and sinister spirits. What could go wrong? A great deal, as it turns out. It begins after a cordial dinner with the other guests, when one of the hosts disappears without a trace before she can even finish her dessert. As fear and suspicion begin to infiltrate the inn, another person vanishes, and it seems as if the inn's dark history has awakened to claim a new slew of victims. Ishmael doesn't believe there's anything supernatural or ghostly behind the night's events. And the more he learns, the more he's certain that the key to solving the mystery lies not in the past but the present. Unfortunately, he has no bodies, no clues, no witnesses...no evidence of any chicanery whatsoever. But for a man like Ishmael, that just makes things a little more interesting...

Lewis intends to retrace Owen's footsteps and overturn every possible lead. But with Finn in control of the empire's massive forces, he is outmanned and outgunned at every turn. Drinking Midnight Wine Simon R. Green 2014-07-28 There is a world beyond the world It figures. Just when Bradfordian bookshop clerk, Toby Dexter, finally works up the nerve to talk to his secret crush, she darts into an open door. Toby follows, and in that second, everything changes. Though it still looks like Bradford-on-Avon, the town's suddenly chatty ATM and river mermaids are the first clues that something is quite out of place—namely, Toby. The moment he stepped through that door, Toby entered the magical parallel world of Mysterie. Our ordinary dimension—the one Toby knew as Bradford-on-Avon—is actually Veritie, a mere shadow of its alter ego, Mysterie, where magic and myth, gods and monsters, living legends and walking nightmares reign. And Toby isn't the only recent arrival. A cunning and vicious demon—The Serpent's Son—has returned to Mysterie, accompanied by a malevolent new ally, intent on bringing down both dimensions. Toby can remain mortal, return to Veritie, and try to convince himself that he had a bad pint of bitter that night. Or he can stay in Mysterie, join forces with his new friends Leo Morn and his Brother Under The Hill, and try to stop The Serpent's Son. The choices Toby makes will have dramatic consequences for both worlds. It may not be the first time Mysterie's wars have spilled

over into our reality, but if Toby fails, it could be the last. Simon R. Green, New York Times bestselling author of the Deathstalker series and the Nightside series, brings his trademark wit and inventiveness to his beloved hometown of Bradford-on-Avon, in this charming standalone urban fantasy novel.

Deathstalker Legacy Simon R. Green 2016-08-02 A golden age doesn't last forever... Owen Deathstalker sacrificed everything to topple a corrupt empire and usher humanity into an age of peace and prosperity. Now Lewis Deathstalker, Owen's descendant, carries on the family name and honor as a Paragon, warriors famed for their skill and heroism who dispense the king's justice throughout the galaxy. However, two hundred years have passed since Owen and his gang of heroes disappeared into legend, and the peace that the Deathstalker bought with his life is quickly coming to an end. Amidst political uncertainty, Lewis's oldest friend, Douglas, ascends the throne and names Lewis to the archaic, and largely symbolic, role of King's Champion. But Lewis quickly finds that he has all the bad luck of his famous ancestor and that his old allies have become his enemies. Surrounded on all sides by plots and treason with the political situation spiralling out of control, Lewis is exiled from court in disgrace. Now it's the new Deathstalker's turn to save the empire with only a ragged band of allies as chaos spreads throughout the empire and threatens to end the golden age. Note from Publisher: This book was originally published as Book 6 in the Deathstalker series.
