Make sure your family has a plan ... Disaster, any natural or human-generated calamitous event that produces great loss of human life or destruction of the natural environment, private property, or public infrastructure. When a disaster happens, the response includes actions like warning and evacuating people, rescuing those in danger, and quickly providing food, shelter, and medical care. Do you need help after a disaster? We can help you apply for FEMA disaster assistance and guide you to other resources to help you recover. Disaster has its roots in the belief that the positions of stars influence the fate of humans, often in destructive ways; its original meaning in English was "an unfavorable aspect of a planet or star." A slow-onset disaster is defined as one that emerges gradually over time. Slow-onset disasters could be associated with, e.g., drought, desertification, sea-level rise, epidemic disease. A sudden-onset ...
