**Microsoft Advanced Office 2000** Timothy J. O'Leary 1999 The O'Leary Series emphasizes the "learning by doing" approach by combining conceptual coverage with detailed, software-specific instructions. Each lab manual provides a new running case study based on realistic business scenarios that leads the student step-by-step from problem to solution. The Advanced Office text is a Core Level MOUS Certified book that includes all of the Introductory level O'Leary Office content.

**Downtown 1** Edward J. McBride 2005-06 Downtown is a five-level, integrated skills series designed to give adult learners the comprehensive language skills needed for success in everyday life. With Downtown's traditional grammar sequence and solid coverage of federal, state, and local standards, teaching to the standards has never been easier.

McGraw-Hill's GED Language Arts, Writing Workbook Ellen Frechette 2002-09-12 Grammar and punctuation practice in context as well as GED-type essay topics. Announcing the companion workbook series to the GED test series Practice makes perfect with McGraw-Hill's updated GED Workbook series, which reflects the 2002 test guidelines. These workbooks provide invaluable hands-on experience for students as they tackle hundreds of GED format questions and check results against an answer key. Simulated test-taking situations boost not only content retention but also confidence for the big day. Ideal study guides for a student weak in a particular subject area or sitting for one GED test at a time, these activity books function as a companion to McGraw-Hill's GED Test titles and McGraw-Hill's GED.

**A Textbook of Accounting for Management, 4th Edition**

Maheshwari S.N. & Maheshwari S.K. & Maheshwari Sharad K. The book provides a comprehensive coverage of the course-content requirements of the students appearing in the paper 'Management Accounting' at the MBA and MCom examinations of different Indian Universities and those of professional institutions. The book has been divided into five convenient sections. Each section covers a different aspect of 'Management Accounting' with the subject divided into chapters covering different topics in a systematic and concise manner. The unique features of this book lie in its simple and systematic presentation of theory, which would enable the students to solve practical problems with ease. The other main strengths of this book are: plentiful illustrative examples and end-of-the-chapter exercises with answers.

**Excel 2002 - Complete** Sarah Hutchinson Clifford 2001-12 The Advantage Series presents the Feature-Method-Practice approach to computer software applications to today's technology and business students. This series implements an efficient and effective learning model, which enhances critical thinking skills and provides students and faculty with complete application coverage.
