Jammu & Kashmir Bilal Ahmad Khan 2022-03-25 The book presents a comprehensive treatment of unemployment and economic problems in Jammu & Kashmir. Kashmir, being a conflict-ridden zone, has far less opportunities for employment than rest of the other states. With an underdeveloped industrial sector and the inability of government to create enough jobs, there seems to be no immediate solution. Lack of avenues to engage the youth in meaningful ways result in making miscreants out of many of them. Young populations across the world are generally seen as drivers of socio-economic growth, but in Kashmir, the youth bulge is a problem. Unemployed youths

destabilize the economy by being used to create mayhem by the anti-social elements in the region. Underdevelopment and unemployment in Jammu & Kashmir is the manifestation of a mismatch between physical and human resources. This exists when a large segment of the working age population does not possess the appropriate skills and knowledge to be gainfully employed. In addition, lackadaisical and imprudent policies pursued by subsequent governments are the major challenge. A radical shift in its policies, especially in the education sector, is an absolute prerequisite for the birth of a capable workforce. The remedy lies in revamping the education sector by crafting appropriate policies for suitable skills in line with the socio-economic requirements of the society. The book argues the government must think about a long-term plan for unemployed youth and devise a policy to channel the youth bulge constructively.

Weaker Section Finance in India (Role of

Public Sector Banks) Dr. Ramchandra Patil
2019-02-16 It has been the Endeavour of each state to fulfill the basic needs of its citizens which are primarily food, clothing and shelter. If the governments fail to fulfill these needs for the welfare of their citizens according to the principles of justice, they are not legitimate. Food takes the priority over all the other needs. Which implies that agricultural sector gets top most priority. In India there are thousands of marginal farmers who struggle to make both ends meet. Along with agriculture sector there are other sectors which play an important role to uplift the poor people. As a financial coverage, banking sector in India treat Agriculture, Small Scale Industry and other sectors of prime importance from the socio-economic development point of the nation, as a priority sectors and allot substantial portion of their lending to these sectors.

(Economics) 2022-10-09 A close

interrelationship between management and economics had led to the development of managerial economics. Economic analysis is required for various concepts such as demand, profit, cost, and competition. In this way, managerial economics is considered as economics applied to “problems of choice” or alternatives and allocation of scarce resources by the firms. Managerial economics is a discipline that combines economic theory with managerial practice. It helps in covering the gap

between the problems of logic and the problems of policy. The subject offers powerful tools and techniques for managerial policy making. It is in this context, a textbook on introduction to the subject of Managerial Economics is presented to the students of Management program. The book contains the syllabus from basics of the subjects going into the intricacies of the subjects. All the concepts have been explained with relevant examples and diagrams to make it interesting for the readers. An attempt is made here by the experts to assist the students by way of providing case based study material as per the curriculum with non-commercial considerations. However, it is implicit that these are exam-oriented Study Material and students are advised to attend regular class room classes in the Institute and utilize reference books available in the library for In-depth knowledge. We owe to many websites and their free contents; we would like to specially acknowledge contents of website www.wikipedia.com and

various authors whose writings formed the basis for this book. We acknowledge our thanks to them. At the end we would like to say that there is always a room for improvement in whatever we do. We would appreciate any suggestions regarding this study material from the readers so that the contents can be made more interesting and meaningful. Readers can email their queries and doubts to our authors on tmcnagpur@gmail.com. We shall be glad to help you immediately.
