O. V. Vijayan E. V. Ramakrishnan 2024-12-16
O.V. Vijayan (1930–2005) was an acclaimed Malayalam novelist, short story writer, cartoonist, translator, columnist, political analyst, and public intellectual. In a literary career spanning almost half a century, he published six novels, twelve volumes of short stories, eight volumes of non-fictional prose, three volumes of reminiscences, three volumes of cartoons, and four self-translations. This book offers a comprehensive understanding of O.V. Vijayan's work by analysing his fictional and non-fictional works, cartoons, and columns, and situates him in the context of Malayalam literary culture and Indian literature at large. The volume discusses themes such as the politics of everyday life; culture, religion, and the changing

nature of Indian society; struggles of a writer and thinker; the idea of socially responsive radical modernism; ecology and subculture; and the politics of self-translation. These readings explore Vijayan's legacy as an iconic figure of modernism in Malayalam fiction who reinvented its language; as an unrelenting critic of the modern nationstate and its excesses; as a post-colonial thinker; and as a visionary who transcended the binaries of the mundane and the magical, the political and the spiritual, and the premodern and the postmodern. Part of the *Writer in Context* series, this book will be useful for scholars and researchers of Indian literature, Malayalam literature, English literature, comparative literature, postcolonial studies, cultural studies, global south studies, and translation studies.

earth we measure success by reaching financial stability or professional achievement but who knows on some other planet success is measured by achieving peace of mind, better relationships or better health. We need to rethink our values and priorities and consider alternative definition of success and strive for balance and stress free holistic well- being. What if success is measured by the positive impact on environment? How would society change if empathy and compassion are key success metrics? Imagine a world where lifelong learning and personal growth are ultimate goals in life. What if success is defined by the number of meaningful connections and relationships? Think about it. Let's make this world a better place to live.

THE YOGA THERAPY HANDBOOK - BOOK

THREE - REVISED SECOND EDITION ROGER MARTIN DAVIS 2015-03-27 The long awaited revised 2nd edition of The Yoga Therapy Handbook has arrived! It is greatly expanded, colorful and much more descriptive than the original edition from 2007. The new version is contained in four distinct volumes (Book 1-4) that are being sold separately with an "a-la-cart" styling so readers can "pick and choose" from what works best for them as either a novice/beginner or advanced Yoga therapist. Perhaps, what is most intriguing, though, about this 2nd edition is that in the interim period the author made a dramatic and controversial decision to embrace Al-Islam. Accordingly, this edition wrestles with those quintessential elements that make a "comparative religion" flow to this text quite different than any other Yoga therapy book on the market today. The author also revives his review of the multicultural expressions as well in both Yoga Science and meditation practices. The creative

artistic flair of the illustrator (Sue Jeong Ka) is still woven into the fabric of this text. This Fine Artist who is originally from South Korea (ROK) now lives and works in the USA (New York City). Surely, her talents have expanded since the first edition and we hope with the "print edition" to follow she add some new illustrations to enliven this text.
