Baba Chandra Bhanu Satpathy 2009-05-01 The spread of the name and fame of Shri Sai Baba of Shirdi within the last two decades is a phenomenon by itself. From 1999 onwards a number of websites were created in the name of Baba, the world over. In the year 2000, I visited Chicago to inaugurate the Sai Utsav in the month of November. This event attracted a lot of devotees from all over the world including hundreds of families from the US, Latin America, Canada and UK, and by His grace acted as the seed of the creation of an effective world forum of Sai devotees. It was followed by similar events and conferences in Sydney, Australia in 2001, Johannesburg and Nairobi in Africa in 2003 where an increasing number of devotees asked me questions regarding Sai Baba and his message. This trend continued over the years through the internet, till I decided to come up with a publication that would lend greater clarity about His message to His devotees as well as to those with a religious bent of mind. This book is a compilation of the questions he has received over the years, and answers to them in a structured manner in a style and language which is easy to understand. His messages circulated on various festivals between 2004 and 2009 through different magazines and websites are also included.

The Re-Enlightenment Carole and David McEntee-Taylor 2011-11-01 Who are we? Why are we here? Is there a god? The world we currently live in is characterised by its conflicting cultures with their diverse political, social and religious views. Add to this the growing climatic problems and the increasing gap between those who have and those who have not and this world seems a very unstable place. The majority of us not only feel powerless to prevent this, but also find it hard to accept some of the reasons we are given to explain this pain and suffering. Religions, spiritualism, politics and science have all provided competing explanations but have not provided any real proof. Furthermore, the world as we currently know it is a result of those competing explanations. We are all citizens of this world and as such have a vested interest in its future. We all have questions about why we are here and we are all entitled to the answers. There is something in this book for everybody, from those who are not satisfied with the way the world is and think there has to be a better way, to those who just wish to know why we are really here.

What Researchers Say on Sri Shirdi Sai Baba Satya Pal Ruhela 1994 This research monograph is a unique addition to the existing literature on Sri Shirdi Sai Baba, who lived a humble life and taught the basics of spirituality and morality to the devotees through his many miracles, revelations of their past births, simple yet penetrating teachings, stories and thrilling parables.

Buddhist Answers: For the Critical Questions Yalith Wijesurendra 2013-12 The Buddhist Answers contains detailed answers for the critical philosophical questions asked about Buddhism. This book is a result of extreme hard work of the author, researching into the lengthy Tripitaka, the doctrine of Lord Buddha. This book intends to establish a rational basis to the Buddhist beliefs. Lord Buddha preached in Jnanasaara Samuccaya' that, As the wise test gold by burning, cutting and rubbing it (on a piece of touchstone), so are you to accept my words after examining them and not merely out of regard to me.' The author did his level best to avoid personal opinions but to provide coherent answers by directly referring to various discourses by Lord Buddha in Tripitaka. This

book can play a vital role in the international propagation of Buddhism. Buddhist missionaries can use this book as a handbook to answer the various philosophical questions which they encounter.

Sai Baba of Shirdi (English) V. B. Kher 1991 Sai Baba of Shirdi is a phenomenon. In all of India's history, there has never been another like him. He is no conventional saint, he wrote no critique of any holy work, made no ashram or peetham, yet he had profound insight into both Hindu and Islamic scriptures. He performed miracles but in no manner or means to impress anyone, devotees or otherwise. Sai Baba in every way remains unique. He came in his late twenties to Shirdi, an insignificant Hamlet in Ahmednagar District where he spent fifty years of his remaining life. Shirdi is no longer an obscure village. Today it is a centre of pilgrimage for lakhs of Sai Baba's devotees. This book translated into Hindi is a complete account of his life and mission. Hindi Rs. 95 / Telugu Rs. 125

Shirdi Sai Baba's Answers to Your Questions Vijay Vg 2021-05-15 We need a teacher to calm and guide our minds during those times. Sri Sai Baba, the Sath Guru is always waiting to calm and guide his devotees. Stand in front of Baba's portrait, close your eyes and confess your grievances to Baba. Then think of a number by 1-1008 and have complete faith in Baba and read Baba's grace response given in that number. You will get the correct answer to your question through Baba.

Shirdi Sai Baba Santosh Chowdhury 2023-03-07 Many devotees regularly ask questions to Shirdi Sai Baba ranging from their problems to sharing joy or asking for some solution. Over many months the author through his research and in his own meditation found out that there are a lot many questions we have in mind but we have never asked him. Like I will cite an example here- Do affirmations charge Shirdi Sai Baba's name while we chant his name? Answer: Affirmations can help charge the name of Shirdi Sai Baba, but the effectiveness of affirmations ultimately depends on the belief and dedication of the person reciting the name or even mantra. If someone truly believes in the power of affirmations and trusts in the spiritual energy of Shirdi Sai Baba, then affirmations can be a powerful way to connect with and invoke the divine presence of Baba. However, if someone is simply reciting affirmations as a superficial or mechanical practice without the underlying faith and devotion, they may not experience the full potential of this practice. Ultimately, the key to charging Shirdi Sai Baba's name lies in the sincerity and depth of one's spiritual practice.

Questions and Answers on Conversations with God Neale Walsch 2000-01-01 Millions of readers have come to value the Conversations with God series by Neale Donald Walsch, which has now been translated into twenty-six languages. Many thousands of those readers have had questions for him--questions about religion, good and evil, physical and mental health, death, prophecy, the nature of God and the universe, prayer, angels and devils, spiritual paths, relationships, and much more. In Questions and Answers on Conversations with God, Neale, with characteristic wit and wisdom, responds to the most compelling and provocative of these letters; and the result is a book that is profoundly enlightening and inspiring. By relating the messages in the dialogues of CWG to the personal issues and everyday experience of individuals, Neale's answers illustrate the direct link between spiritual and physical reality, clearly demonstrating how what we do and who we are in our lives is a result of how we think and what we believe. This book gives us all the opportunity to look at ourselves, to change ourselves, and thus, perhaps, to change the world.
