The Visitor Sheri S. Tepper 2009-10-13 The "magic" that once was America died horribly along with most of the Earth's inhabitants when an asteroid crashed into the planet sometime during the twenty-first century. Hundreds of years have passed, and all that remains of the time before are fragmented memories distorted by superstition -- as a tragically reduced populace suffers greatly under the tyranny of a repressive ruling order. But destiny has chosen Dismé Latimer to lead a wasted world out of the darkness ... with a book. Written by a courageous scientist ancestor, it is a sacred, unsettling tome rife with disturbing ideas and revelations ... and an impossible hope that compels a gentle, troubled young woman to abandon her abusive home in search of truth and her true self. But common "wisdom" and lore warn of grave dangers out in the world. Evil is there, a malevolence beyond imagining. And in the depths of the Earth, a gargantuan beast asleep for centuries has begun to stir ...

Imajica II Clive Barker 1995-05-10 The magical tale of ill-fated lovers lost among worlds teetering on the edge of destruction, where their passion holds the key to escape. There has never

been a book like Imajica. Transforming every expectation of fantasy fiction with its heady mingling of radical sexuality and spiritual anarchy, it has carried its millions of readers into regions of passion and philosophy that few books have even attempted to map. It's an epic in every way; vast in conception, obsessively detailed in execution, and apocalyptic in its resolution. A book of erotic mysteries and perverse violence. A book of ancient, mythological landscapes and even more ancient magic.

As the old gods awaken and satrapies splinter, the Chromeria races to find the only man who can still end a civil war before it engulfs the known world. But Gavin Guile has been captured by an old enemy and enslaved on a pirate galley. Worse still, Gavin has lost more than his powers as Prism -- he can't use magic at all. Without the protection of his father, Kip Guile will face a master of shadows as his grandfather moves to choose a new Prism and put himself in power. With Teia and Karris, Kip will have to use all his wits to survive a secret war between noble houses, religious factions, rebels, and an ascendant order of hidden assassins called The Broken Eye.
