Sinatra! The Song Is You

Will Friedwald 2018-05-01

Frank Sinatra was the greatest entertainer of his age, invigorating American popular song with innovative phrasing and a mastery of drama and emotion. Drawing upon interviews with hundreds of his collaborators as well as with "The Voice" himself, this book chronicles, critiques, and celebrates his five-decade career. Will Friedwald examines and evaluates all the classic and less familiar songs with the same astute, witty perceptions that earned him acclaim for his other books about jazz and pop singing. Now completely revised and updated, and including an authoritative discography and rare photos of recording sessions and performances, *Sinatra! The Song Is You* is an invaluable resource for enthusiasts and an unparalleled guide through

Sinatra's vast musical legacy.

Frank Sinatra Richard W.

Ackelson 1992 Frank Sinatra's

45-year recording career and the songs he recorded: his professional biography as a recording artist; the evolution of his vocal technique and performance style; sources and variety of songs recorded; his 12 most-recorded composers and lyricists (20 others are discussed briefly); his interaction with his six major sources of orchestration; his recording sessions; a review of all albums referenced; and the technical and commercial side

of his career. Supporting the research are a master song list (approximately 1,250 recordings), songs by publication date, composer and lyricist indexes, every arrangers work (listing each conductor and orchestra), a detailed list of recording sessions--in order--plus radio, television and film work, and three album lists, showing contents, order of first releases, label sequence and producers.

Sinatra James Kaplan
2015-10-27 Just in time for the Chairman's centennial, the endlessly absorbing sequel to James Kaplan's bestselling Frank: The Voice—which completes the definitive biography that Frank Sinatra, justly termed the “Entertainer of the Century,” deserves and requires. Like Peter Guralnick on Elvis, Kaplan goes behind the legend to give us the man in full, in his many guises and aspects: peerless singer, (sometimes) accomplished actor, business mogul, tireless lover, and associate of the powerful and infamous. In

2010's Frank: The Voice, James Kaplan, in rich, distinctive, compulsively readable prose, told the story of Frank Sinatra's meteoric rise to fame, subsequent failures, and reinvention as a star of live performance and screen. The story of “Ol' Blue Eyes” continues with Sinatra: The Chairman, picking up the day after he claimed his Academy Award in 1954 and had reestablished himself as the top recording artist. Sinatra's life post-Oscar was astonishing in scope and achievement and, occasionally, scandal, including immortal recordings almost too numerous to count, affairs ditto, many memorable films (and more than a few stinkers), Rat Pack hijinks that mesmerized the world with their air of masculine privilege, and an intimate involvement at the intersection of politics and organized crime that continues to shock and astound with its hubris. James Kaplan has orchestrated the wildly disparate aspects of Frank Sinatra's life and character into an American epic—a towering

Johnny Mercer Glenn T. Eskew

2013-11-15 John Herndon

“Johnny” Mercer (1909-76)

remained in the forefront of American popular music from

the 1930s through the 1960s, writing over a thousand songs, collaborating with all the great popular composers and jazz musicians of his day, working in Hollywood and on Broadway, and as cofounder of Capitol Records, helping to promote the careers of Nat “King” Cole, Margaret Whiting, Peggy Lee, and many other singers.

Mercer’s songs—sung by Bing Crosby, Billie Holiday, Judy Garland, Frank Sinatra, Ella Fitzgerald, Tony Bennett, Lena Horne, and scores of other performers—are canonical parts of the great American songbook. Four of his songs received Academy Awards: “Moon River,” “Days of Wine and Roses,” “On the Atchison, Topeka, and the Santa Fe,” and “In the Cool, Cool, Cool of the Evening.” Mercer standards such as “Hooray for Hollywood” and “You Must Have Been a Beautiful Baby” remain in the popular imagination. Exhaustively researched, Glenn T. Eskew’s biography improves upon earlier popular treatments of the Savannah, Georgia-born

songwriter to produce a sophisticated, insightful, evenhanded examination of one of America's most popular and successful chart-toppers. Johnny Mercer: Southern Songwriter for the World provides a compelling chronological narrative that places Mercer within a larger framework of diaspora entertainers who spread a southern multiracial culture across the nation and around the world. Eskew contends that Mercer and much of his music remained rooted in his native South, being deeply influenced by the folk music of coastal Georgia and the blues and jazz recordings made by black and white musicians. At Capitol Records, Mercer helped redirect American popular music by commodifying these formerly distinctive regional sounds into popular music. When rock 'n' roll diminished opportunities at home, Mercer looked abroad, collaborating with international composers to create transnational songs. At heart, Eskew says, Mercer was a jazz musician rather than

a Tin Pan Alley lyricist, and the interpenetration of jazz and popular song that he created expressed elements of his southern heritage that made his work distinctive and consistently kept his music before an approving audience.
