*Cultural Dynamics of Play* Katarzyna Kuczma 2019-01-04 This volume was first published by Inter-Disciplinary Press in 2013. Play engages us entirely. It may absorb all our attention, experience, knowledge, wisdom, understanding, cunning and wit, as well as physical agility and strength. There definitely are more than two sides to the play story. This book addresses the broad questions of what play consists in, how it is perceived, why it is important, and in what way(s) it influences our life. With contributions from Canada, Great Britain, Poland, Portugal, Saudi Arabia, South Africa, The United States of America as well as Trinidad and Tobago, this volume provides a comparative intercultural and interdisciplinary perspective on the complexity of the concept of play, traces its origins, patterns, and mechanisms, as well as sheds light on the inter-relationships of different aspects of play as they are present in and shape the human condition.

*Censorship, Indirect Translations and Non-translation* Jaroslav Spirk 2014-09-18 Indirect Translations and Non-Translation: The (Fateful) Adventures of Czech Literature in 20th-century Portugal, a pioneering study of the destiny of Czech and Slovak literature in 20th-century Portugal, is a gripping read for anyone seeking to look into intercultural exchanges in Europe beyond the so-called dominant or central cultures. Concentrating on relations between two medium-sized lingua- and socio-cultures via translation, this book discusses and thoroughly investigates indirect translations and the resulting phenomenon of indirect reception, the role of paratexts in evading censorship, surprising non-translation, and by extension, the impact of political ideology on the translation of literature. In drawing on the work of Jiří Levý and Anton Popovič, two outstanding Czechoslovak translation theorists, this book opens up new avenues of research, both theoretically and methodologically. As a whole, the author paints a much broader picture than might be expected. Scholars in areas as diverse

as translation studies, comparative literature, reception studies, Czech literature and Portuguese culture will find inspiration in this book. By researching translation in two would-be totalitarian regimes, this monograph ultimately contributes to a better understanding of the international book exchanges in the 20th century between two non-dominant, or semi-peripheral, European cultures.

**Cultures in Movement** Martine Raibaud 2015-02-05 The contributors to this volume encourage a re-thinking of the very notion of culture by examining the experiences, situations and the representations of those who chose - or were forced - to change cultures from the nineteenth century to the present day. Beyond a simple study of migration, forced or otherwise, this collective work also re-examines the model of integration. As recent entrants into new social settings may be perceived as affecting the previously-accepted social equilibrium, mechanisms encouraging or inhibiting population flows are sometimes put in place. From this perspective, "integration" may become less a matter of internal choice than an external obligation imposed by the dominant political power, in which case "integration" may only be a euphemism for cultural uniformity. The strategies of cultural survival developed as a reaction to such a rising tide of cultural uniformity can be seen as necessary points of departure for an ever-growing shared multiculturalism. A long-term voluntary commitment to make cultural boundaries more flexible and allow a more engaged individual participation in the process of defining the self and finding its place within a culture in movement may represent a key element for cultural cohesion in a globalized world.

**The Unlearned Lessons of the Twentieth Century** Chantal Delsol 2006 Calls into question most of the truths and beliefs bequeathed to us from the past. A central belief in the dignity of the human person, the cornerstone of the doctrine of universal human rights to which even secular Westerners still cling. Delsol charges that it is not enough to proclaim human rights;

rather, one must understand what sort of being the human person is if humans are to be genuinely respected.

*Existence, Historical Fabulation, Destiny* Anna-Teresa Tymieniecka 2009-06-18 Surging from the ontopoietic vital timing of life, human self-consciousness prompts the innermost desire to rise above its brute facts. Imaginatio creatrix inspires us to fabulate these facts into events and plots with personal significance attempting to delineate a life-course in life-stories within the ever-flowing stream - existence. Seeking their deep motivations, causes and concatenations, we fabulate relatively stabilized networks of interconnecting meaning - history. But to understand the meaning and sense of these networks' reconfigurations call for the purpose and telos of our endless undertaking; they remain always incomplete, carried onwards with the current of life, while fluctuating with personal experience in the play of memory. Facts and life stories, subjective desires and propensities, the circumambient world in its historical moves, creative logos and mythos, personal freedom and inward stirrings thrown in an enigmatic interplay, prompt our imperative thirst for the meaning of this course, its purpose and its fulfillment - the sense of it all. To disentangle all this animates the passions of the literary genius. The focus of this collection is to

isolate the main arteries running through the intermingled forces prompting our quest to endow life with meaning. Papers by: Jadwiga Smith, Lawrence Kimmel, Alira Ashvo-Munoz, William D. Melaney, Imafedia Okhamafe, Michel Dion, Franck Dalmas, Ludmila Molodkina, Victor Gerald Rivas, Rebecca M. Painter, Matti Itkonen, Raymond J. Wilson III, Christopher S. Schreiner, Bruce Ross, Bernadette Prochaska, Tsung-I Dow, Jerre Collins, Cezary Jozef Olbromski, Victor Kocay, Roberto Verolini.

**Laughable Loves** Milan Kundera 2020-10-09 A dazzling collection of stories - originally banned in 1968 Prague - by a 'magnificent short-story writer' (NYT) and author of classic *The Unbearable Lightness of Being*. 'A self-confessed hedonist in a world beset by politics . . . Marvellous.' Salman Rushdie 'Kundera's achievement has been to bring both private life and political life into one comic framework.' Ian McEwan On holiday, a man and his girlfriend pretend she is a hitchhiking stranger - but their game soon makes them strangers to each other. One young man reconnects with his grieving former lover, only to be shocked by her ageing body. Two friends embark on an obsessive mission to seduce as many women as possible in the *Eternal Chase*. A teacher fakes piety to seduce a devoutly religious girl: then jilts her

and yearns for God. In these celebrated stories, Kundera probes our darkest erotic impulses and most destructive sexual fantasies - while seducing us with his graceful, whimsical prose. Laughable Loves Milan Kundera 2023-05-23 "An intellectual heavyweight and a pure literary virtuoso, Milan Kundera takes some of Freud's most cherished complexes and irreverently whirled them about in acts of legerdemain that capture our darkest, deepest human passions. . . . The tales in Laughable Loves surprise and illuminate. . . . Kundera's world is complex, full of mockeries and paradoxes. Life is often brutal and humiliating; it is often blasphemous, funny, irritating." — Cleveland Plain Dealer Milan Kundera is a master of graceful illusion and illuminating surprise. In one of these stories a young man and his girlfriend pretend that she is a stranger he picked up on the road—only to become strangers to each other in reality as their game proceeds. In another a teacher fakes piety in order to seduce a devout girl, then jilts her and yearns for God. In yet another girls wait in bars, on beaches, and on station platforms for the same lover, a middle-aged Don Juan who has gone home to his wife. Games, fantasies, and schemes abound in all the stories while different characters react in varying ways to the sudden release of erotic impulses.

### **Transylvanian Review** 2002

*Risibles amours* Milan Kundera 1986 Je sais que tu as toujours été un type droit et que tu en es fier. Mais pose-toi une question: Pourquoi dire la vérité? Qu'est-ce qui nous y oblige? Et pourquoi faut-il considérer la sincérité comme une vertu? Suppose que tu rencontres un fou qui affirme qu'il est un poisson et que nous sommes tous des poissons. Vas-tu te disputer avec lui? Vas-tu te déshabiller devant lui pour lui montrer que tu n'as pas de nageoires? Vas-tu lui dire en face ce que tu penses? Eh bien, dis-moi!" Son frère se taisait, et Edouard poursuivit: "Si tu ne lui disais que la vérité, que ce que tu penses vraiment de lui, ça voudrait dire que tu consens à avoir une discussion sérieuse avec un fou et que tu es toi-même fou. C'est exactement la même chose avec le monde qui nous entoure. Si tu t'obstinais à lui dire la vérité en face, ça voudrait dire que tu le prends au sérieux. Et prendre au sérieux quelque chose d'aussi peu sérieux, c'est perdre soi-même tout son sérieux. Moi, je dois mentir

pour ne pas prendre au sérieux des fous et ne pas devenir moi-même fou."
