The Official U.S. List of Certified & Credentialed Software Testers™ is used by American employers to check for ISTQB, ASTQB and AT\*SQA software testing certifications & micro-credentials. The ASTQB Soft Skills for Testers™ certification proves that you understand how testers can work more productively with other testers, developers, business analysts, and product owners. Whether you test software full-time or just part-time through Agile, DevOps, or Continuous Delivery, you need ISTQB Foundation Level testing certification (CTFL) from ASTQB. ASTQB is the American Software Testing Qualifications Board, the U.S. Member Board of ISTQB. It supports U.S. candidates and aligns materials to American English usage. ASTQB is the official representative of ISTQB in the United States. Those who pass ASTQB's ISTQB exams are awarded ISTQB certification and appear on the ISTQB Successful Candidate Register. See all of the ISTQB certifications exams offered by ASTQB through AT\*SQA. All ASTQB exams can be taken online from your home or at a testing center anywhere globally. [directorist\_signin\_signup]
