Hebrew vocabulary book +

Hebrew dictionary This

Hebrew vocabulary book

contains more than 3000 words

and phrases which are grouped

by topic to make it easier for

you to pick what to learn first.

On top of that, the index in the

second half of the book

provides you with a basic

Hebrew-English as well as

English-Hebrew dictionary

which makes this a great

resource for learners of all

levels. What you can expect

from this book: This Hebrew

learning resource is a

combination of Hebrew

vocabulary book and a two-way

basic Hebrew dictionary: Part 1

- Topic based Hebrew

vocabulary book: This is the

main part of the book and

represents a list of chapters

each containing Hebrew

vocabularies for a certain topic.

The Hebrew vocabularies in

the chapters are unsorted on

purpose to separate

remembering them from a

defined alphabetical order. You

can start at any chapter and

dive directly into the topics

that interest you the most. Part

2 - Basic English-Hebrew

dictionary: The index in the

second half of the book can be

used as a basic Hebrew

dictionary to look up words you

have learned but can't

remember or learn new words

you need. Part 3 - Basic

Hebrew-English dictionary:

Easy to use and with just the

right amount of words, this

third part finishes off with a

second index that allows you to

look for Hebrew words and

directly find the English

translation How to use this

Hebrew vocabulary book: Not

sure where to start? We

suggest you first work your

way through the verbs,

adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Hebrew dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Hebrew translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Hebrew dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Hebrew and comes in particularly handy at times when there is no internet to look up words and phrases. A Hebrew Word-Book for

Study and Class-Room

George Rice Hovey 2017-11-21
Excerpt from [A Hebrew Word-Book for Study and Class-Room: Comprising Common Hebrew Words Grouped by Roots, Meaning of These Words, Alphabetical List of Them Without Vowel Points, English List With References to Corresponding Hebrew, Making an English-Hebrew Vocabulary](#) It ought to be stated that in some cases a doubtful derivation has served as a basis for grouping words, not for the purpose of expressing an opinion as to the historical relation of the words to each other, but because of their possible connection, and the desirability of associating them in thought. It need hardly be said that the compiler is indebted to the lexicons and concordances for the material used in this vocabulary. He desires also to acknowledge his obligation to President W. R. Harper for his first special interest in the Hebrew language and for an appreciation of the value in study and class-room of good

word-lists. If this little word-book shall fulfil the compiler's hopes by helping to a facility in the use of the Hebrew Bible, the labor involved in its preparation will be amply rewarded. Death of the Covenant Code: Capital Punishment in Old Greek Exodus in Light of Greco-Egyptian Law Joel Korytko 2023-10-09

Many laws in the Old Greek translation of the Covenant Code do not say the same thing as the Hebrew text. In the past, various idiosyncrasies in the Greek translation of laws that involve the death penalty had been glossed over and considered stylistic variations or grammatical outliers. However, when the text-linguistic features of the Greek translation are compared to contemporary literary, documentary, and legal Greek sources, new readings emerge: cursing a parent is no longer punishable by death; a law about bestiality becomes a law

about animal husbandry; the authority of certain legal commands is deregulated. This work explores these and other new readings in comparison with contemporary Greco-Egyptian law.
