**Management** John R. Schermerhorn, Jr. 2020-11-16 Today's students are tomorrow's leaders and managers. The Management, Fifth Canadian Edition course helps students discover their true potential and accept personal responsibility for developing career skills to become future leaders in the workplace. New content on topics like disruption, Big Data, AI, machine learning, and sustainability, plus thought-provoking exercises give students a fundamental understanding of today's world of management while urging them to reflect on their own behavior and decision-making processes. Management provides exciting new student engagement features on key themes of Analysis, Ethics, Choices, Insight, and Wisdom to attract learners' attention and prompt additional

reflection, while fresh author videos, updated video cases accompanying each chapter, and other digital assets bring managerial theory to life. By the end of the course, students will be able to understand and apply management principles, have developed concrete skills for career readiness, gained confidence in critical thinking, and embraced lifelong learning to ensure professional success.

Schermerhorn, Jr. 2024-01-31  
Management, 15th edition, continues to offer the same balanced theoretical approach as with previous editions. Students need an active and

engaged learning classroom environment that brings personal meaning to course content and the instructor's course objectives. The book communicates with students through rich, timely features, and cases that bring management topics, theories, and concepts to life. The underlying goal is to translate foundation theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test. This international edition has been revised and updated with a focus on timely content, student engagement through real-world challenges, and personal career issues. Centralizing new topics such as diversity, equity, inclusion, and social impact, this edition introduces new feature of Issues to attract learners' attention to timely social and organizational issues as well as new cases and more opportunities for self-assessment.
