COMPANY ACCOUNTING 10E, Ken Leo 2014

STRATEGIC FINANCIAL MANAGEMENT, SECOND EDITION SOFAT, RAJNI 2015-10-28 The Second Edition of the book encompasses two new chapters—Strategic Cost Management and Business Ethics—A Strategic Financial Management Instrument. The book, being an augmented version of the previous edition, equips the young managers with the fundamentals and basics of strategic management and financial management in a cogent manner. The text now provides a better orientation to the students on the topics like corporate restructuring, divestitures, acquisitions, and mergers in the global context with the help of examples and caselets. The book has been revised keeping in view the requirements of postgraduate students of management and the students pursuing professional courses such as CA, MFC and CS. In addition, professionals working in the corporate sector may also find the book beneficial to integrate the financial management functions into business strategy and financial operations. Distinctive features • Model question papers have been appended at the end of the book. • Better justification of topics by merging the contents wherever required. • Theory supported with caselets inspired from global as well as Indian context.

Corporate Financial Accounting Carl S. Warren 2008-10-20 With a firm understanding of the changing needs of students, CORPORATE FINANCIAL ACCOUNTING, 10E, leads students to accounting mastery using an integrated learning system. Building on the authors' proven approach, students are guided through the preparation of financial statements as the authors artfully provide a framework for understanding what accounting is all about and accounting's evolving role in business. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Company Accounting Ken Leo 2014-08-22 Company Accounting, 10th edition has been thoroughly updated to reflect the various and ongoing reforms as a result of Australia's adoption of international financial reporting standards. Containing several all-new chapters, this edition provides an authoritative and reliable overview of the various changes required within the Framework and a selection of key accounting standards governing corporate entities. The text provides students with a comprehensive overview of the practice and principles of company

accounting, and helps them develop the practical grounding to reinforce their understanding. The 10th edition presents essential 'must know' information on accounting for a corporate entity and the requirements for externally disclosing the financial position of the entity. Company Accounting, 10th Edition retains the hallmark features seen in previous editions of the title, including a high attention to detail, practical application of accounting standards, provision of a conceptual basis, and depth of analysis.
