Just Let Me Survive Today: a Primer in Classroom Management and Motivation Mark S. Richman 2022-06-21 You Can Survive and Succeed Magnificently In Any Classroom Just Let Me Survive Today will serve as your road map to ease you along the often bumpy, unpaved and pothole-filled highway to successful classroom management with motivated and happy children. Discover how easy it is to: • Discipline Your Students. Mr. Richman shares with you his enormously successful 50 years of teaching experience in the field of discipline. His unique style is

punctuated by kindness, firmness and solid human relations strategies. • Motivate Them. Through a unique combination of games, puzzles, rewards and incentives, as well as by using lots of humor and many traditional techniques, your students will become highly motivated. They will be provided with opportunities for success and the building of confidence in a framework of fun and excitement. • Manage Your Classroom. Mr. Richman will supply you with a blueprint for successful classroom management via a structured system of rules that covers nearly every situation that could arise in your class. • Build Pupil Self-Esteem. This book will help you gain the insight necessary to aid your pupils in increasing their self-esteem, so critically important to their personality development.

Everyday Surveillance William G. Staples 2013-10-18 When

we think of surveillance in our society, we usually imagine “Big Brother” scenarios with the government tracking our every move. The actual surveillance of our everyday lives is much more subtle, however, and may be more insidious. William G. Staples shows how our lives are tracked by both public and private organizations—sometimes with our consent, and sometimes without—through our internet use, cell phones, public video cameras, credit cards, license plates, shopping habits, and more. *Everyday Surveillance* is a provocative exploration of the myriad ways we are watched each day, and how this surveillance shapes our lives. Thoroughly revised, the second edition considers new topics, such as the rise of social media, and updates research throughout. *Everyday Surveillance* introduces students to concepts of social control and incites classroom discussion about how surveillance impacts the ways we understand people and our

lives at home, work, school, or in the community.

Growing Up in Public

Devorah Heitner 2023-09-12
NATIONAL BESTSELLER The definitive guide to helping tweens and teens set boundaries online when technology and social media prioritize being online 24/7 over privacy “Essential reading . . . With empathy and insight, Devorah Heitner sheds light on how parents’ scrutiny and monitoring of teenagers can intensify the stress of growing up with social media.”—Lori Gottlieb, *New York Times* bestselling author of *Maybe You Should Talk to Someone* Between social media, constant connection, and addictive tech and smartphones, the boundaries of privacy are stretched thin. We can track our kids’ every move with apps, see their grades within minutes of being posted, and fixate on their digital footprint, anxious that a misstep could cause them to be “canceled” or even jeopardize their admission to college. All of this adds pressure on kids, particularly

Gen Z, who are coming of age immersed in social media platforms that compete for their attention and emphasize “personal brand,” “likes,” and “gotcha” moments. How are kids supposed to figure out who they really are with zero privacy and constant judgment? Growing Up in Public shows us that by focusing on character, rather than the threat of getting caught or exposed, we can support our kids to be authentically themselves. The key is mentoring, not monitoring. Drawing on her extensive work with parents and schools as well as hundreds of interviews with kids, parents, educators, clinicians, and scholars, Heitner offers strategies for parenting our kids in an always-connected world. With relatable stories and research-backed advice, Growing Up in Public empowers parents to cut through the overwhelm to connect with their kids, recognize how to support them, and help them figure out who they are when everyone is

watching.

Using Apps for Learning Across the Curriculum

Richard Beach 2014-10-17 How can apps be used to foster learning with literacy across the curriculum? This book offers both a theoretical framework for considering app affordances and practical ways to use apps to build students’ disciplinary literacies and to foster a wide range of literacy practices. Using Apps for Learning Across the Curriculum presents a wide range of different apps and also assesses their value features methods for and apps related to planning instruction and assessing student learning identifies favorite apps whose affordances are most likely to foster certain disciplinary literacies includes resources and apps for professional development provides examples of student learning in the classroom A website (www.usingipads.pbworks.com) with resources for teaching and further reading for each chapter, a link to a blog for continuing conversations about

topics in the book (appsforlearningliteracies.com), and more enhance the usefulness of the book.

Impacts of Mobile Use and Experience on Contemporary Society Xu, Xiaoge 2019-03-22

As a popular and powerful medium, mobile use has increased significantly across the world. The effects of these communication devices have not only transformed how we communicate but also how we gather and distribute information in a variety of industries including healthcare, business, and education.

Impacts of Mobile Use and Experience on Contemporary Society provides cross-disciplinary research that ties together use and experience examining the transformative influence of mobile technology and how it is reshaping who we are and what we do. Featuring research that investigates the impacts on both actors and activities with topic coverage that includes academic application, economic value, and mobile learning, scholars from different disciplines from

all over the world identify the crucial implications behind mobile technology. Included amongst the targeted audience are educators, policymakers, healthcare professionals, managers, academicians, researchers, and practitioners.
