In English, 'criteria' is the plural form of 'criterion,' which means a single standard or rule. The term has been used in English since the 19th century, showing its long-standing relevance in discussions of ... See the whole human with Criteria's scientifically validated pre-employment tests that predict what candidates can do in the future, not just what they've done in the past. Criteria are often the particular requirements that someone or something must meet in order to be considered or qualify for something. An applicant for a job may be evaluated based on several ... Criteria is typically a plural noun referring to standards on which a judgement can be made. Its singular form is criterion, but evidence shows that criteria is frequently used as a singular as well as a plural. Mar 16, 2026 · The word criteria is often treated as singular or

even uncountable, but these uses are usually still considered incorrect, because the standard singular form is criterion. It met all our criteria; a stable employment, reasonably priced homes, a state college and a regional hospital. Few cases met fell within our criteria. So also he has drawn a close parallel between the ... Although criteria is sometimes used as a singular, most often in speech and rather infrequently in edited prose, it continues strongly in use as a plural in standard English, with criterion as the singular. The government insists all arms exports are subject to strict licensing criteria and comply with international and domestic law. Just 16 percent said having knowledge and skills that apply to a specific field is the most important criteria they seek. An "ethnic" membership criterion that one would be embarrassed to

invoke for any ... In standard usage, the plural is generally criteria, although criterions is sometimes used as well. Properly speaking, the form criteria should never be a singular noun, and phrases like this criteria and single ...
