House • The Wild Duck • Hedda Gabler • The

Master Builder Among the greatest and best

known of Ibsen's works, these four plays

brilliantly exemplify his landmark contributions

to the theater: his realistic dialogue, probing of

social problems, and depiction of characters'

inner lives as well as their actions. Rich in

symbolism and often autobiographical, each of

these dramas deals convincingly and

provocatively with such universal themes as

greed, fear, and sexual hostility, and confronts

the eternal conflict between reality and illusion.

These Rolf Fjelde translations have been widely

acclaimed as the definitive versions of the major

works of the father of modern theater.
