Apr 8, 2026 · Kimia, a Sydney-based AI platform provider for the chemicals industry, has raised \$7 million through a seed funding round led by Airtree Ventures with participation from Blackbird Ventures and Skip Capital. Apr 7, 2026 · Kimia is built on the premise that chemical intelligence should power every commercial interaction. From answering technical questions to recommending products and powering digital experiences, it brings multiple AI-driven workflows into a single layer designed for how revenue is actually generated. Apr 8, 2026 · Kimia, a Sydney-based AI platform for chemical intelligence, has raised \$7M in seed funding led by Airtree Ventures. The platform transforms fragmented chemical product and regulatory knowledge into instant answers for

commercial teams. Kimia captures and structures your technical knowledge so it can be applied consistently across the organisation. Instead of chasing documents or waiting for sign-off, commercial teams gain instant access to accurate, contextual expertise. Kimia's generative chemistry is based on successive iterations of chemical design, high-throughput synthesis, chemical biology, and machine learning. This powerful synergy creates a map of the relationship between chemical structure and protein function down to single-atom resolution.
