Les carnets politiques de Francis P., ancien ministre Francis P.

1979-01-01T00:00:00+01:00 La politique est une chose infiniment précieuse, qu'on dédaigne, méprise ou maltraite, par sottise, ignorance ou idéologie : on traite la politique trop souvent comme une chose vulgaire, une spéculation grossière. Or l'art politique ne peut bien être expliqué que par ceux qui vivent dans la politique et sont dans le jeu politique. Aussi les Carnets de Francis P. qui fut ministre sous la IIIe et la IVe République nous livrent-ils une partie des secrets de la chose politique. Il faut savoir décoder le vocabulaire politique, comprendre le poids des mots, l'impureté des intentions, la subtilité des calculs de l'homme politique. Francis P. (1892-1969), qui fut député de 1928 à 1956, a joué un certain rôle politique pendant un demi-siècle : ses notes sur la logique, le spectacle, la machine politique ne prétendent pas expliquer : il voulait simplement, en se plaçant au niveau du vécu, décrire en termes simples ce qui se passe réellement chez l'homme politique, la solitude du politique, la raison d'État, l'optimisme, le plaisir qui est le fondement de toute politique (avec l'angoisse de la mort). Au travers de ces pages souvent évasives, parfois désabusées, on trouve une esquisse assez fouillée de la politique en soi, de la politique fondamentale (opposée à la politique politicienne), Francis P. a cherché à établir un petit Traité de politique appliquée. Ami et disciple de Valéry, familier de Paul Reynaud, Francis P. est un homme lucide, refusant toute idéologie, ne croyant ni au style, ni à la vertu, ni à l'action, et qui dénonce méthodiquement l'erreur, la folie, la sottise, la passion. Il cherche à mesurer la politique à une échelle du vécu, à inventer d'autres critères de la politique que le parti, la nation, l'État. Ces carnets montrent un effort tenace pour construire un modèle politique : esprit subtil, mobile, scrupuleux, pénétrant, ennemi des fictions, qui aimait jouer avec le langage et qui avait une méfiance innée de toutes les idéologies partisans. Était-ce un Montaigne ou un Buffon politique ? au lecteur de choisir. Les Carnets politiques de Francis P. ont été retrouvés, mis en ordre, et sont commentés par deux hauts fonctionnaires de notre actuelle République, eux-mêmes acteurs éprouvés du "jeu politique" depuis plusieurs années. Pour des raisons de convenances, ils tiennent à demeurer anonymes.

Radicalisation Gilbert McLaughlin 2023-12-13 Radicalisation is a conceptual investigation within Western liberal democratic societies that follows an analytical framework linking expertise theory to discourse analysis of publications from the academic, governmental, and non-governmental spheres, as well as a dozen interviews with experts in the field. The reader will come to understand the socio-political configurations that led to the emergence of radicalisation as an object of study. The book also identifies the historical tensions regarding models, definitions, and operationalisation of the concept of radicalisation in social sciences research. Finally, a new model explaining how the term radicalisation became the central conceptual framework of a new field of expertise will be proposed. The book is situated within the fields of security studies, crime prevention, and sociology of expertise. The book is innovative in its distinct focus on the term radicalisation and the expertise thereof. With its diachronic and syncretical approach, the book also serves as an entry point for all researchers and practitioners seeking an introduction to the subject of radicalisation and violent extremism. The book addresses the debates among academics, public experts, and policymakers into the origin, dissemination, and maintenance of the field of expertise. Thus, the aim is not so much to uncover the 'true' meaning of the term as to understand how it has been socially constructed, this book will be of great interest to students and scholars of criminology, security studies, and sociology.

Quichotte, autoportrait chevaleresque Eric Pessan 2018-01-17 S'est-on

jamais demandé ce que ferait Don Quichotte aujourd'hui ? Accablé par les nouvelles venues des quatre coins du monde, toutes plus terribles les unes que les autres, l'auteur de ce livre ne trouve de consolation que dans la littérature. Là se trouve l'ultime façon de résister au monde tel qu'il est. Là se trouvent les héros. Là se trouve le fabuleux chevalier à la triste figure, que l'auteur invite à revenir parmi nous. Notre triste époque ne fourmille-t-elle pas d'éplorés à protéger, de torts à redresser ? Et si, mieux encore que la consolation, de la littérature venait le salut ? *Mémoires publiés par les membres de l'Institut français d'archéologie orientale du Caire* Institut français d'archéologie orientale du Caire 1912

Michel Tournier Zhaoding Yang 2001 Cette étude sur Michel Tournier, un des écrivains français les plus importants de nos jours, se concentre sur les problèmes philosophiques qu'il pose dans son écriture, tout particulièrement sur la question du soi par rapport à autrui et son implication littéraire. Fasciné par la réécriture du mythe chez Tournier, ce travail étudie les textes littéraires de ce dernier d'une perspective nietschéenne. Le livre examine également de près comment la narration chez Tournier est informée par une remise en question du rationalisme, du colonialisme et des systèmes de valeur conventionnels, et comment sa notion d'une co-création de l'auteur/lecteur nous invite à dépasser l'antagonisme humain. Ayant montré que la conception de l'écriture et de la lecture chez Tournier s'intéresse à une création joyeuse au lieu d'une recherche obsessive du sens, il conclut par nous suggérer une corrélation entre l'idéal de la «Grande Santé» chez Nietzsche et les motifs transcendants dans les récits de Tournier.
