

Odissea In Prosa E Per Tutti Paperback

FrC 2 Krates Serena Perrone 2019-06-17 This volume of the series «Fragmenta Comica» is devoted to one of the major names in the first generation of comic poets, Crates. Mentioned by Aristophanes in the Knights among his predecessors ill-treated by the public, and credited in Aristoteles' Poetics of a key-role within the history of the comic genre, Crates appears to have received significant attention in antiquity. Yet tradition has not been kind with him and the remains of his production are very scanty and in many ways problematic. Almost half a century after the last monograph devoted to Crates, Serena Perrone offers a new close analysis of the testimonia and the sixty surviving fragments, translated and commented in detail. The picture that emerges is of a much more nuanced profile than previously described.

La nascita del titolo nella letteratura greca Emanuele Castelli 2020-09-21 By examining the forms of literary communication in the Archaic and Classical periods, this volume reconstructs for the first time the emergence of titles in ancient Greek literature, systematically investigating the causes of the phenomenon, analyzing its consequences, as well as its effects, on the manuscript tradition of Classical Greek authors.

Odissea in prosa e per tutti Marco Bonfiglio 2015-05-13 'Odissea è uno dei racconti più importanti di tutti i tempi, talmente importante che è stato definito come il primo romanzo nella storia dell'Occidente. Con questa edizione, Marco Bonfiglio ha inteso coniugare un'opera sempre al passo con i tempi ad un linguaggio altrettanto attuale. L'Odissea si trasforma in romanzo d'azione e di sentimenti, con dialoghi, descrizioni, emozioni che assumono una luce diversa, accessibile a tutti. Il ritorno di Odisseo ad Itaca non è solo la speranza e la necessità di rivedere i propri cari e la propria terra: è soprattutto l'ideale per il quale combattere, grazie al quale riconoscere i propri errori e fare un passo avanti per diventare un uomo migliore.
