A History of Modern Mercenary Warfare Harry McCallion 2024-04-18 Explores the development of modern mercenary forces from the British operation in Yemen in late 1960's to today's War in Ukraine. Since before the time of Alexander the Great trained soldiers have sold their expertise on battlefield around the World, fighting and dying in other people's wars for money, glory or the lust for violence and combat. In this book Harry McCallion explores the development of modern mercenary forces from the British SAS led deniable operation in Yemen in late 1960's, during which the Israelis were persuaded to arm the SAS led Yemeni tribesmen, through the bush wars in Africa, Britain's ill fated intervention in the war in Afghanistan right up to today's War in Ukraine. Many of the modern day British mercenaries were known to the author personally. including such notably figures as the legendary SAS Fijian warriors 'Tak ' Takevesia who, although in his early sixties shot his way out of an ambush in Bagdad and Fred 'Big Fred' Mrafano who devoted himself to the cause of the people of Serra Leone. SAS veteran .Bill Scully who received the Queen's Gallantry Medal single-handedly protected 1,300 civilians from rebel troops during the uprising in May 199 7after the Sierra Leone coup and American Vietnam veteran Major 'Mac' Mackenzie, who although badly wounded in Vietnam, rose from trooper to command a Rhodesian SAS squadron and was one of the units most highly decorated soldiers. Also included are more notorious figures like Costas Georgiou also known by his alias Colonel Callan who served in the 1st Battalion of the Parachute Regiment but was dishonorably discharged and sentenced to five years in prison for a post office robbery, later he proclaimed himself a 'Colonel' and led a group of psychopathic mercenaries in the Angolan War of Independence, before being captured and executed by Angolan forces. The book explores the roles of modern day mercenaries, who's use has expanded precisely because they are mercenaries, fighting for money and not love of country, their deaths are not seen as a patriotic sacrifice, often they go unreported and in turn helps to conceal the true tragic human cost of waging a war. As one former private military contractor recently stated to Australian TV "If you want to conquer in the 21st century...you use mercenaries, special forces, things to keep war secret and nobody's better at secret wars than mercenaries."

The Modern Bodyguard Peter Consterdine 2006-07-02 The most complete book on the subject of Close Protection and training. Covering all aspects of the work of being a bodyguard. Includes the requirements for the S.I.A. Close Protection Training and Licensing.

Meditations of a Modern Warrior Paul 'Rock' Higgins 2014-09-08 This second volume carries on where the first book finished. Here again you are taken through a small percentage of what you as a modern day warrior must know, not only for personal safety but also for the safety of your family or the ones whom you protect. You will find not only physical applications but also mental development chapters, and also challenges some of the myths which in the protection industry run rife. Your journey on the warrior path is full of questions, tall tales, challenges, trial and error. This book is here to help keep you, the warrior on your chosen path.

Meditations of a Modern Warrior Paul Higgins CAS SAC DIP 2012-11-14 In todays often violent world, accepting the warrior path as a way of life is not the prerogative of the modern soldier. We now have warriors in every walk of life, civilian warriors, law enforcement warriors, executive protection warriors, and of course, military warriors. This first volume gives insight into how being a modern warrior impacts our everyday life, how we live through physical and mental conditioning, awareness of personal, mobile, and home security for example. The chapters not only supply the reader with information but require the

reader to continually question themselves as they journey along the warrior path.

Bodyguard Manual Leroy Thompson 2005 Although military operations against terrorist forces often garner the headlines, those who protect government, military, and business leaders from assassination or kidnapping are also in the front lines against terrorism. Ready and prepared to place his body between his employer and a bullet, the bodyguard must be able to blend into the milieu around his charge, yet be ready to spring into action instantly to counter an attack. Based on techniques of the U.S. Secret Service, U.S. State Department Security, the Special Air Service, the Royal Corps of Military Police, the Metropolitan Police, the KGB and its successor the FSB, France's GSPR, and other protective units around the world, The Bodyguard Manual details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress. From security aboard Concorde, the Orient Express, or the Queen Elizabeth 2, to protecting a military general officer in combat, The Bodyguard Manual allows the reader to "stand post" with the professional bodyguard.

Bodyguard Manual Hugh P. Keir 2016-03-28 B+W INTERIOR EDITION WRITTEN FOR OPERATORS, BY OPERATORS Written by an experienced operator, with contributions from other highly regarded Executive Protection Officers SUITABLE FOR EPOs AND EP STUDENTS ALIKE The Bodyguard Manual is designed to assist the experienced operator and students alike: it is currently issued to many students attending Executive Protection courses around the world. DESIGNED FOR YOUR GO-BAG Carried by experienced operators, the Bodyguard Manual is designed for quick reference when planning and executing tasks. Including templates, crib cards, kit lists, procedures, guides and diagrams, the Bodyguard Manual is the ideal tool to augment the professional Executive Protection Officer when planning and conducting protection assignments. READER REVIEWS An excellent quick reference for new and experienced alike. Concise and full of detail, vehicle drills particularly well presented. Would recommend to anybody about to join the circuit or do their CP or HECF course. You can never learn too much from those who have been before you. This is a must have essential piece of kit for any security professional operating in the industry. A well laid out format which has been structured and written with a no nonsense view. It lays out in simple terms what you require to operate as well as listing the top-tips that can only be discovered by operating in the industry for a number of years. This book is an excellent piece of equipment which will be part of my security kit for many years to to come. A big thanks must go to the author for suppling those of us operating in the industry with an excellent reference manual. Ok,the book does exactly what it's designed to do, it's basically a quick reference for CP operators both new to the world of CP or experienced, a lot of us don't work CP all the time and it's handy to have when you need to double check something. Exactly as described, a no nonsense guide. Extremely good tips, essential checklists. To someone like myself with limited knowledge of this industry it is excellent reference material.

Close Protection Orlando Wilson 2018-04-26 The contents of this book are drawn from my experiences in the close protection, security and investigations industry over the last 29 years while working in UK, Western & Eastern Europe, South & West Africa, Middle East, US, Latin America and the Caribbean. What I am providing here is the real-world perspective, not the classroom or perfect world perspective on skill sets that are usually neglected by the mainstream security industry but are issues that can put you in jail, hospital or the morgue if not addressed properly. This book is relevant to those in the close protection business as well as private investigators, journalists or those working in hostile environments. Orlando Wilson - Risks Incorporated

Close Protection David Cox 2001 This study examines the similarities between these the current units and those of the Soviet past and finds that, in spite of the highly unstable nature of politics in post-communist Russia, these elite units have not intervened to the degree that many might have expected. They have, however, played a significant political role throughout the region."--BOOK JACKET.
