*The 5-Minute Pediatric Consult Plus the 5-Minute Pediatric Patient Advisor* M. William Schwartz 2000-07-01

Introduction to Reference Sources in the Health Sciences, Sixth Edition Jeffrey T. Huber

2014-04-22 Prepared in collaboration with the Medical Library Association, this completely updated, revised, and expanded edition lists classic and up-to-the-minute print and electronic resources in the health sciences, helping librarians find the answers that library users seek. Included are electronic versions of traditionally print reference sources, trustworthy electronic-only resources, and resources that library users can access from home or on the go through freely available websites or via library licenses. In this benchmark guide, the authors include new chapters on health information seeking, point-of-care sources, and global health sources Focus on works that can be considered foundational or essential, in both print and electronic formats Address questions librarians

need to consider in developing and maintaining their reference collections When it comes to questions involving the health sciences, this valuable resource will point both library staff and the users they serve in the right direction.

The 5-minute Pediatric Consult M. William Schwartz 2003 Now in its revised, updated Third Edition, this best-selling reference is designed for quick consultation on problems seen in infants, children, and adolescents. More than 450 problems are covered in the fast-access two-page outline format that makes The 5-Minute Consult Series titles so popular among busy clinicians. The book is organized into five sections--chief complaints, diseases, syndromes, physical findings, and tables.
