Beginning Windows Store Application Development: HTML and JavaScript Edition Scott Isaacs 2013-09-28 Beginning Windows Store Application Development - HTML and JavaScript Edition introduces you to the Windows 8 modern app design paradigm and the new Windows 8 programming model developed around this paradigm. You'll learn to build rich, immersive applications designed to run on the many devices powered by Windows 8. The authors draw on their extensive practical experience to provide not only a comprehensive introduction to the model and its features, but guidance on best practices and a real-world sample application that you develop over the course of the book. Beginning Windows Store Application Development - HTML and JavaScript Edition also emphasizes how devices will be used and applications will be built in a world that has become far more connected. The book takes you beyond the syntax of any development language and examines factors such as application design, user experience, social integration, and maintaining data and settings across multiple devices.

Efficiency Of Racetrack Betting Markets (2008 Edition) Donald B Hausch 2008-06-20 A reprint of one of the classic volumes on racetrack efficiency, this book is the only one in its field that deals with the racetrack betting market in-depth, containing all the important historical papers on racetrack efficiency. As evidenced by the collection of articles, the understanding of racetrack betting is clearly drawn from, and has correspondingly returned something to, all the fields of psychology, economics, finance, statistics, mathematics and management science.

On Course to Win Jim Saltonstall 2013-02-08 Jim Saltonstall has coached multiple National, European, World and Olympic racing champions, including Ben Ainslie, one of Britain's most successful Olympians. This quick reference handbook distills the wisdom of 40 years in the business to help all dinghy, yacht and windsurfers to improve their performance in one of the most challenging sports in the world. The book tackles all the issues that can arise at any point on the racecourse, from the starting line to the first mark to the finish line. It explains how to prepare for a race and how to get the best out of the boat in an accessible format (bite sized advice, tips and wisdom) and with an encouraging approach, offering intelligent analysis peppered with Jim's trademark sense of humour. Featuring photographs that illustrate specific aspects of all races and a checklist of all the key issues racers need to think about as they progress around the course, this book should be in every would-be champion's kitbag, both on and off the water. Endorsed by Ben Ainslie and with a foreword by Olympic gold medal-winner Iain Percy.
