Unseen City Nathanael Johnson

2016-04-05 It all started with Nathanael Johnson's decision to teach his daughter, Josephine, the names of every tree they passed as they walked up the hill to daycare in San Francisco, CA. it was a ridiculous project, not just because she couldn't even say the word "tree" yet, but also because he couldn't name a single one of them. When confronted with the futility of his mission, his instinctive response was to expand it, Don Quixote-style, until its audacity obscured its stupidity. And so the project expanded to include an expertise in city-dwelling birds (the raptors, the shockingly shrewd crows, the gulls, the misunderstood pigeons), rodents (raccoons, rats, squirrels), and tiny crawling things (the

superpowers of snails, the vast intercontinental warfare of ants). There's an unseen world all around us. There are wonders that we walk past every day without noticing. Johnson has written a book that will widen the pinhole through which we see the world. What does the world look like through the eyes of a peregrine falcon, or a raccoon, or an ant? What does a sidewalk Gingko balboa "see?" What would you learn each morning if you understood how to speak pigeon? If we look closely enough, Johnson believes that the walk to the subway can be just as entrancing as a walk through the forest. Follow along as the author and his family search for the beauty and meaning of nature in an urban jungle.

**All Under Heaven** Carolyn Phillips 2015-05-12 Vaulting from ancient taverns near the Yangtze River to banquet halls in modern Taipei, All Under Heaven offers a comprehensive, contemporary portrait of China's culinary landscape and the geography and history that has shaped it. With over 300 recipes and lucid, set-by-step instructions, this is the first cookbook in English to examine all thirty-five cuisines of China. Drawing on centuries' worth of culinary texts, as well as her own years working, eating, and cooking in Taiwan, Carolyn Phillips has written a spirited, symphonic love letter to the flavors and textures she fell in love with over thirty years ago. From simple fried green onion noodles to Lotus-wrapped Spicy Rice Crumb Pork, All Under Heaven serves as both a handbook for the novice and a source of inspiration for the veteran chef. All Under Heaven features illustrations on almost every page and hand-drawn maps of each culinary region. It

is an essential reference for anyone interested in the cuisine and culinary history of China. Whether covering street food, banquet dishes, homemade drinks, or sweets, All Under Heaven is the first cookbook to do full justice to the startling diversity and ingenuity of Chinese cuisine.
