*RecoveryMind Training* Paul H. Earley 2017-03-07 A comprehensive addiction treatment model combining evidence-based techniques with twelve-step philosophy. An innovative guide for professionals that establishes an extraordinary approach to understanding the dynamics of addiction and the recovery process. RecoveryMind Training (RMT) includes state-of-the-art information on neuroscience and behavioral techniques and challenges readers to see addiction from a different perspective. Paul H. Earley, MD, FASAM has been an addiction medicine physician for thirty years. He treats all types of addictive disorders and specializes in the assessment and treatment of healthcare professionals. As a therapist, he works with patients already in recovery, providing long-term therapy for those who suffer from this disease. His professional expertise extends to advocacy for professionals before agencies and licensing boards. Dr. Earley has been on the board of the American Society of Addiction Medicine (ASAM) for over fourteen years in several capacities and is currently a director-at-large. He has been the Medical Director of two nationally acclaimed addiction programs specializing in the care of addicted healthcare professionals. Currently, he is the Medical Director of the Georgia Professionals Health Program, Inc. and a principal with Earley Consultancy, LLC, a training and consulting firm. He also trains therapists about the neurobiological basis of addiction and psychotherapy. In his travels, he has provided training in the United States, Canada, the United Kingdom, Italy, and Switzerland.

**Feminism Undaunted: 50 Years As A Muslim Feminist** Wazir Jahan

Karim 2025-06-12 Wazir Jahan engages the reader in absorbing stories from her childhood to retirement against a backdrop of events in Malaysia — cultural, academic and political — which elucidates the complexities of being a Muslim feminist, in a divisive Asian society. Her narrative demonstrates that each woman can successfully negotiate the boundaries between patriarchy, family and modernity if they believe that being a woman is synonymous with being a feminist - that institutions which obstruct women's path to freedom can be challenged through recognising the power of individualism. Jahan believes that once a woman understands what can work well for her, within the limitations of her own achievements and resources, she could be able to rise above these intimidations of life and actively engage in pursuing her dreams. For Jahan, femininity and feminism are complementary forms of activism which enabled her to gain acceptance and legitimacy for her work with disadvantaged and minority women. Her frank and refreshing confessions of success and failures in her work on women and gender demonstrates confidence, individuality and charisma — a catharsis in the journey to discovering the power of womanhood.

**Health Psychology** Edward P. Sarafino 2020-07-27 The second Canadian edition of *Health Psychology: Biopsychosocial Interactions* integrates multidisciplinary research and theory to help students understand the complex connections between psychology and health. This comprehensive yet accessible textbook covers the biopsychosocial factors that impact human health and wellness, placing particular emphasis on the distinctive characteristics of the Canadian health care system, the issues and challenges unique to Canadian culture, and the

most recent Canadian research in the field of health psychology. Clear, student-friendly chapters examine topics such as coping with stress and illness, lifestyles for enhancing health and preventing illness, managing pain and discomfort, getting medical treatment, and living with chronic illness. This fully revised second edition features the latest available data and research from across Canada and around the world. New and expanded chapters explore psychosocial factors in aging and dying, legalized marijuana use in Canada, the link between inflammation and depression, Canadian psychosocial models of pain, recent Medical Assistance in Dying (MAiD) legislation, weight control, eating disorders, and exercise, and much more. Throughout the text, updated illustrative examples, cross-cultural references, and real-world cases reinforce key points and strengthen student comprehension, retention, and interest.

**First Year Sobriety** Guy Kettelhack 2009-07-23 If the coronavirus pandemic has coincided with your first steps towards sobriety and recovery, welcome! Here's a guide for navigating the early days of life without alcohol and drugs. The first in a series of three recovery guides, *First-Year Sobriety* uses personal stories to show that despite their differing experiences, all are united in the process of living without alcohol or drugs. *First-Year Sobriety* uses the voices of many women and men who are struggling in the often baffling territory of their first year of sobriety to show that despite their differing experiences, all are united in the process of giving life without alcohol or other drugs a chance. These are people who are alternately amazed, appalled, delighted, depressed, illuminated, disturbed, or simply thrown by their first days, weeks, and months of sobriety. Author Guy Kettelhack explores the challenges all seem to face: learning to break through loneliness, isolation, and fear; finding ways to deal with anger, depression, and resentment; and learning how to deal with a new and sometimes overwhelming happiness. Kettelhack has written seven books on recovery. He is completing a Master's degree in psychoanalysis, and is an analyst-in-training at the Boston and New York Centers for Modern Psychoanalytic Studies. A graduate of Middlebury College, Kettelhack has also done graduate work in English literature at Bread Loaf School of English at Oxford University. He lives in New York City.
