*Recruiting, Selection, Training and Military Operations of Female Aircrew* North Atlantic Treaty Organization. Advisory Group for Aerospace Research and Development. Aerospace Medical Panel. Symposium 1990 There are now approximately one thousand female military aviators flying within the NATO nations. Twenty-eight papers were presented at an AGARD conference to review the experience of each nation with recruiting, selection, training and military operations of female aircrew. In addition, a section was devoted to the discussion of the physiological differences between male and female aviators, and pregnancy and flying. Once selected, there appear to be no basic differences in flight capabilities between men and women. There is a requirement to develop smaller helmets, oxygen masks and NBC respirators for females, and data were presented which showed that females are more susceptible to decompression sickness.

*I, Me, & Myself* Vivek Mehrotra 2022-01-06 I, Me, & Myself is the story of a professional who unfortunately suffers a heart attack, forcing him to rest. While he is on the bed away from his daily routine, he gets an opportunity to introspect his life. He discovers two different voices within him, which keep sharing their contradictory remarks. One that always urges to follow the path of righteousness, whereas the other acts as a devil's advocate, always putting forward a conflicting idea or an opinion. Their contradicting stances puzzle the author as he finds it extremely difficult to ascertain who is right. Based on various triggers while introspecting his life's events, the author beautifully personified the role of three components of the human psyche, i.e., 'id', 'ego' and 'super-ego'. The 'id' allures us towards the pursuit of all sorts of pleasure, whereas the 'super-ego' coerces us to pursue ideological goals and perfection. In between these two, 'ego' makes us aware of reality, playing the role of a referee; controlling, guiding, moderating the desires of the 'id' and the 'super-ego'. Readers will undoubtedly be able to identify with the situations they face daily in the corporate world alongside dealing with what keeps happening in their personal lives. The book offers multiple takeaway messages on various topics that will help readers both personally and professionally.
