Aegis of Empires Adventure Path Greg A. Vaughan

2021-07-31 A Legendary Epic! Strange things are afoot in a ramshackle house in the back streets of Eber, but the heroes who pull that first thread will find murder, mayhem, monsters, mystery, and magic aplenty in this massive adventure series from award-winning author Greg A. Vaughan and his talented team! Eldritch tomes hold ancient secrets better left forgotten, as sinister cults, secret guilds, and malevolent masterminds weave a continent-spanning conspiracy that threatens doom for all. Ancient enemies will rise and a legacy of sorrow and betrayal bears bitter fruit, but the lure of fortune and glory draws the heroes ever onward in a breathless race against time and rival forces, with redemption and cataclysm balanced on the edge of a knife

and the fate of untold thousands at stake. The elder empires do not rest easy, and you must decide whether their restless slumber awakens into a dream or a nightmare. The Aegis of Empires Adventure Path is a DnD 5E adventure saga for taking characters all the way to 17th level, from gritty urban adventure, chilling mysteries, epic wilderness journeys, and fabulous lost cities ranging across the length and breadth of the spectacular Lost Lands Campaign Setting. This rich and exciting world 20 years in the making has been home to dozens of adventures from Necromancer Games and Frog God Games and produced with their cooperation to be compatible with The World of the Lost Lands campaign guide! It is the final adventure in the Aegis of Empires Adventure Path, with each adventure exploring hitherto unexplored areas of the Lost Lands with a combination of

horror, intrigue, deadly danger, and the lure of ancient mysteries. While designed for use with the Lost Lands, these adventures are loosely connected rather than following a strictly controlled plotline, enabling you to easily place them into any campaign world. Your heroes can explore at their own pace to discover the secrets of antiquity or be consumed in their seeking as they brave the dark paths of the Aegis of Empires. Grab this fantastic 644-page adventure saga for 5th Edition and Make Your Game Legendary!

(OD&D)! This high-level adventure plunges the players into the lowest depths of a mega-dungeon - the 34th level! This traditional dungeon crawl is anything but. Welcome to The Candy Crypt, where the foul demon Orcus's Claws manufactures bittersweet treats and poisoned dreams. As the title suggests, this adventure can be placed at the bottom of any mega-dungeon, or it can be an isolated crypt hidden within the peaks of any frozen mountain chain.

Inventory your gear and pack well: you are going to need it. The cold winds wash down from the north as the Northern Azure star shines over the village of Newville. The stars are right, as the constellation Gorgon Major rises in the east for the first time in a millennium. Sages scream in terror as they realize the time is nigh. Orcus' Claws won't be alone anymore; his beloved estranged wife, banished by the Forces of Law into a pocket dimension beyond the stars, is about to be released.
