

At Nike It All Started With A Handshake

Win at All Costs Matt Hart 2020-10-06 "After years of rumors and speculation, Matt Hart sets out to peel back the layers of secrecy that protected the most powerful coach in running. What he finds will leave you indignant—and wondering whether anything in the high-stakes world of Olympic sport has truly changed."
—Alex Hutchinson, New York Times bestselling author of *Endure* *Game of Shadows* meets *Shoe Dog* in this explosive behind-the-scenes look that reveals for the first time the unsettling details of Nike's secret running program—the Nike Oregon Project. In May 2017, journalist Matt Hart received a USB drive containing a single file—a 4.7-megabyte PDF named "Tic Toc, Tic Toc. . . ." He quickly realized he was in possession of a stolen report prepared a year earlier by the United States Anti-Doping Agency (USADA) for the Texas Medical Board, part of an investigation into legendary running coach Alberto Salazar, a Houston-based endocrinologist named Dr. Jeffrey Brown, and cheating by Nike-sponsored runners, including some of the world's best athletes. The information Hart received was part of an unfolding story of deception which began when Steve Magness, an assistant to Salazar, broke the omertà—the Mafia-like code of silence about performance-enhancing drugs among those involved—and alerted USADA. He was soon followed by Olympians Adam and Kara Goucher who risked their careers to become whistleblowers on their former Nike running family in Beaverton, Oregon. Combining sports drama and business exposé, *Win at All Costs* tells the full story of Nike's running program, uncovering a corporate win-at-all-costs culture.

I Came As a Shadow John Thompson 2020-12-15 A NEW YORK TIMES NOTABLE BOOK The long-awaited autobiography from Georgetown University's legendary coach, whose life on and off the basketball court throws America's unresolved struggle with racial justice into sharp relief John Thompson was never just a basketball coach and *I Came As a Shadow* is categorically not just a basketball

autobiography. After three decades at the center of race and sports in America, the first Black head coach to win an NCAA championship is ready to make the private public. Chockful of stories and moving beyond mere stats (and what stats! three Final Fours, four times national coach of the year, seven Big East championships, 97 percent graduation rate), Thompson's book drives us through his childhood under Jim Crow segregation to our current moment of racial reckoning. We experience riding shotgun with Celtics icon Red Auerbach, and coaching NBA Hall of Famers like Patrick Ewing and Allen Iverson. How did he inspire the phrase "Hoya Paranoia"? You'll see. And thawing his historically glacial stare, Thompson brings us into his negotiation with a DC drug kingpin in his players' orbit in the 1980s, as well as behind the scenes on the Nike board today. Thompson's mother was a teacher who couldn't teach because she was Black. His father could not read or write, so the only way he could identify different cements at the factory where he worked was to taste them. Their son grew up to be a man with his own life-sized statue in a building that bears his family's name on a campus once kept afloat by the selling of 272 enslaved people. This is a great American story, and John Thompson's experience sheds light on many of the issues roiling our nation. In these pages, he proves himself to be the elder statesman college basketball and the country need to hear from now. *I Came As A Shadow* is not a swan song, but a bullhorn blast from one of America's most prominent sons.

LeBron Jeff Benedict 2023-04-11 The first definitive biography of basketball legend LeBron James, by the acclaimed author of *Tiger Woods*. LeBron is unquestionably the greatest basketball player of the 21st century. Off the court, LeBron's political activism, outspoken stance on racism and social injustice have helped build a social media presence that includes 117 million followers on Instagram and 51 million followers on Twitter. He is an international brand worth billions of dollars. He doesn't just have huge endorsement deals with some of the biggest

corporations in the world; LeBron sits on boards of directors and has an equity stake in the companies he sponsors. He has forged a close friendship with President Barack Obama and clashed publicly with President Donald Trump. As a child, LeBron was a lost little boy living in a public housing project in Akron, Ohio. His mother, who had LeBron when she was just sixteen, would disappear for days at a time. Scared and alone, LeBron rarely attended school. He was dirt poor and fatherless. And he had never played organised basketball. Yet he would become the most successful and most popular athlete that the United States has produced this century, bringing success to the Cleveland Cavaliers, Miami Heat and Los Angeles Lakers. To tell this epic story, Benedict has done exhaustive research, digging through thousands of pages of primary source documents, articles, books and hundreds of hours of video footage. He's also conducted hundreds of interviews with the people who were intimately involved with LeBron from the beginning of his life to the present. He shows the initial slow rise of a star that suddenly transformed into a speeding comet during his senior year of high school. It is a unique and unmissable insight into one of the world's greatest athletes.

Sneaker Wars Barbara Smit 2008-03-25 The fascinating story of the enemy brothers behind Adidas and Puma, whose rivalry shaped the modern sports business Adidas and Puma are two of the biggest global brands in sports, paying stars, clubs, and competitions to show off their labels in stadiums and across magazine pages. In *Sneaker Wars*, journalist Barbara Smit reveals the dramatic, character-driven story of these two power-houses. Started in their mother's laundry room in Germany, Adi and Rudi Dassler's shoe business was an instant success, their spikes worn by Jesse Owens in the Berlin Olympics. But a vicious feud soon pulled them apart: by the end of World War II, the brothers split the company, dividing their family and hometown. Adidas and Puma revolutionized the world of sport, their rivalry introducing behind-the-scenes deals and multimillion-dollar contracts. From Pelé to Joe Namath, Walt Frazier to Boris Becker, Muhammad Ali to David

Beckham, they all contribute to the roller-coaster rise, near collapse, and revival of the two brands. A page-turning narrative, *Sneaker Wars* is a riveting blend of family drama, business, sports, and history.

Check It Off! Vera Teller 2016-11-08 *Check It Off! Pave Your Way through College to Career* is an excellent resource for high-school students entering college and a great read for parents too! Vera Teller, a college lecturer of first-year seminars, shows readers what they need to do in college to prepare themselves to seek employment and obtain a career once graduated. *Check It Off!* provides a checklist of activities for each year of college to prepare the student for a career and to help him or her answer the three most important questions: 1. What do I like to do? 2. What do I want to do? 3. What does the world need? This book is a quick, easy read that uniquely focuses on the activities students should pursue during college rather than after college. *Check It Off!* provides a proactive approach to career planning that steers the student to explore activities in preparation of a career and career direction.

Globalization, Governmentality and Global

Politics Ronnie Lipschutz 2006-03-07

Globalization is moving fast, impacting on the life of all nations with accelerating force. In this new study Ronnie Lipschutz shows how it is being handled by specific groups seeking positive outcomes for the people and causes they represent. *Globalization, Governmentality and Global Politics* details how the widespread failure of states and corporations to regulate the impact of increased globalization has given rise to non-governmental organizations and movements, aiming to influence corporations regarding social responsibilities and address key issues such as human rights, environmental destruction, unhealthy working conditions and child labour. Assessing the effectiveness of these efforts, it examines both the new movements and the issues they are tackling. With three key case studies on the clothing industry, sustainable forestry and corporate social responsibility, it

explores the tensions between politics and management, examining the theoretical implications of regulation for politics, citizenship and the state. Finally, it takes a fresh look at what is to be done, calling for a return to politics centred on the direct participation of the individual in the social choices that affect quality of life, working conditions and the global future. *Communicating Corporate Ethics on the World Wide Web* Irene Pollach 2003 Originally submitted as a doctoral dissertation at the Vienna U. of Economics and Business Administration in Austria, this text looks at how use ethical language on the Web in order to present themselves externally as ethical players. Drawing on the disciplines of corporate communication, applied linguistics, and corporate ethics, the author distinguishes between three different paradigms of corporate ethics and applies discourse analysis to six case studies (two from each paradigm). Annotation 2004 Book News, Inc., Portland, OR (booknews.com).

Formulation, Implementation, and Control of Competitive Strategy John A. Pearce 2009 This text looks at contemporary research in strategic management with an emphasis on conceptual tools and skills created by scholars and practitioners in the field.
