The Last Job: "The Bad Grandpas" and the Hatton Garden Heist Dan Bilefsky

2019-04-23 "[Bilefsky] is a

brisk, enthusiastic storyteller.... [A] meticulously researched procedural."

—Laura Lippman, New York

Times Over Easter weekend

2015, a motley crew of six aging English thieves couldn't resist coming out of retirement for one last career-topping heist. Though not the smoothest of blokes, these analog crooks in a digital age managed to disable the Hatton Garden Safe Deposit's high-security alarm system and drill through twenty inches of reinforced concrete, walking away with a stunning haul of at least \$21 million in jewels, gold, diamonds, family

heirlooms, and cash. Dan Bilefsky draws on unrivaled access to the leading officers on the case at Scotland Yard, as well as notorious figures from London's shadowy underworld, to offer a gripping account of how these unassuming masterminds nearly pulled off one of the greatest heists of the century.

Citroen Lance Cole

2014-03-31 In this new view on the Citroen story, automotive/aviation writer and design specialist Lance Cole

investigates not just the details of the cars of Citroen, but the aeronautical and cultural origins that lay behind Citroen's form and function. The book digs deep into the ethos of Automobiles Citroen to create a narrative on one of the greatest car manufacturers in

history. Using interviews, translations, archive documents and specially-commissioned photographs, the Citroen journey is cast in a fresh perspective. It explains in detail the influences upon Citroen design: Voisin, Lefebvre, Bertoni, Boulanger, Mages, Opron and recent Citroen designers such as Coco, Blakeslee and Soubirou. As well as all the men of the great period of 1920s - 1970s expansion, cites less well-known names of Citroen's French engineering, design, and influence such as Cayla, Gerin, Giret, Harmand, Dargent and others, to give a full picture of Citroen heritage.

Henry Hope-Frost 2004 For 30 years some of the most talented and bravest drivers have battled across the continents of the world to claim what is arguably motorsport's toughest prize: the World Rally Championship. Now a multi-million dollar, global technology battle and terrestrial television phenomenon played out over the frozen wastes of Finland, the dusty plains of Australia and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and

accurate statistical career record of each driver, plus highlights of all the significant cars.
