Empire of Madness Khameer Kidia 2026-02-03 An urgent rethinking of the Western approach to mental health, which treats the symptoms rather than the exploitative systems causing our distress—by a Rhodes Scholar and Harvard Medical School physician-anthropologist—offering lessons from the rest of the world. What if the mainstay of mental health care involved cancelling onerous debt, giving poor people free housing, and paying reparations to the descendants of slavery and colonialism? In *Empire of Madness*, Dr. Khameer Kidia re-evaluates the Western approach to mental health, which medicates symptoms instead of changing the structures that harm the human psyche. A physician and researcher whose own family suffers from the psychological effects of colonialism, Kidia highlights the limitations of the Western mental health model by reporting from the front lines of mental health crises at home, in the clinic, and during a decade of fieldwork. Clear-eyed and openhearted, Kidia asks the nuanced questions unaddressed by our current mental health model: How do history, culture, and politics shape mental distress? Are hoarding and burnout medical diagnoses or social problems? Why are schizophrenia outcomes sometimes better in poor countries without antipsychotics? Can a traditional healer treat mental illness better than a Western-trained clinician? For those living in poverty, can cash replace pills? With rigorous research, cutting analysis, and illuminating prose, Kidia invites us to reimagine mental health as a global idea where our wellbeing is mutual and everyone's voice—patients, caregivers, and healthcare workers alike—matters.

Reimagining the Creative Industries Miranda Campbell 2021-10-31 This book documents the rise in youth creativity, entrepreneurship, and collective strategies to address systemic barriers and discrimination in the creative industries and create an expanded, more diverse, inclusive, equitable, and caring field. Although the difficulties of entering and making a living in the creative industries—a field which can often perpetuate dominant patterns of social exclusion and economic inequality—are well documented, there is still an absence of guidance on how young creatives can navigate this environment. Foregrounding an intersectional approach, *Reimagining the Creative Industries* responds to this gap by documenting the work of contemporary youth collectives and organizations that are responding to these systemic barriers and related challenges by creating more caring and community-oriented alternatives. Mobilizing a care ethics framework, Miranda Campbell underscores forms of care that highlight relationality, recognize structural barriers, and propose new visions for the creative industries. This book posits a future where creativity, collaboration, and community are possible through increased avenues for co-creation, teaching and learning, and community engagement. Anyone interested in thinking critically about the creative industries, youth culture, community work, and creative employment will be drawn to Campbell's incisive work.

El conflicto no es abuso Sarah Schulman 2023-03-01 En *El conflicto no es abuso*, la autora y activista estadounidense Sarah Schulman aborda una de las problemáticas más relevantes de las discusiones y debates de nuestra actualidad sudamericana: la victimización como estrategia de enunciación habilitante de una respuesta devastadora. Y su contraparte, la generación, a partir de todo lo que no se identifica como propio, de extraños peligrosos como modo de gobernanza a escala global.

Autoconstruirse como víctima potencial de un otro peligroso redundante, así, en el afianzamiento de ideologías supremacistas, en la exageración del daño y en el no reconocimiento de la responsabilidad colectiva que nos cabe en la resolución de los conflictos para que estos no escalen desproporcionadamente y habiliten la erradicación de quien se percibe (se construye) como una amenaza. Este mecanismo, señalado por Schulman tempranamente en esta obra, se encuentra activo tanto a nivel interpersonal como intercomunitario y hasta geopolítico. Pieza clave del pensamiento antipunitivista, del activismo anticarcelario, pero también de las conversaciones dentro de los movimientos feministas y de las disidencias sexuales, comprometido con el anticolonialismo, *El conflicto no es abuso* reflexiona sobre la violencia, la justicia y los deseos de

reparación en un mundo obsesionado con la grieta y la imposibilidad de intercambio con quien se construye como un otro al acecho.

Conflict Is Not Abuse Sarah Schulman 2016-10-04 From intimate relationships to global politics, Sarah Schulman observes a continuum: that inflated accusations of harm are used to avoid accountability. Illuminating the difference between Conflict and Abuse, Schulman directly addresses our contemporary culture of scapegoating. This deep, brave, and bold work reveals how punishment replaces personal and collective self-criticism, and shows why difference is so often used to justify cruelty and shunning. Rooting the problem of escalation in negative group relationships, Schulman illuminates the ways cliques, communities, families, and religious, racial, and national groups bond through the refusal to change their self-concept. She illustrates how Supremacy behavior and Traumatized behavior resemble each other, through a shared inability to tolerate difference. This important and sure to be controversial book illuminates such contemporary and historical issues of personal, racial, and geo-political difference as tools of escalation towards injustice, exclusion, and punishment, whether the objects of dehumanization are other individuals in our families or communities, people with HIV, African Americans, or Palestinians. *Conflict Is Not Abuse* is a searing rejection of the cultural phenomenon of blame, cruelty, and scapegoating, and how those in positions of power exacerbate and manipulate fear of the "other" to achieve their goals. Sarah Schulman is a novelist, nonfiction writer, playwright, screenwriter, journalist and AIDS historian, and the author of eighteen books. A Guggenheim and Fulbright Fellow, Sarah is a Distinguished Professor of the Humanities at the City University of New York, College of Staten Island. Her novels published by Arsenal include *Rat Bohemia*, *Empathy*, *After Delores*, and *The Mere Future*. She lives in New York. This publication meets the EPUB Accessibility requirements and it also meets the Web Content Accessibility Guidelines (WCAG-AA). It is screen-reader friendly and is accessible to persons with disabilities. A Simple book with few images, which is defined with accessible structural markup. Conversations with Sarah Schulman Will Brantley 2024-01-30 The twenty-four interviews collected in *Conversations with Sarah Schulman*, roughly a fifth of those that exist, have enabled Schulman to expound upon her distinctive fusion of art and social commitment. Ranging from major forums to smaller venues, and covering a period of more than thirty years, these interviews provide full evidence of Schulman's value as a pivotal player in the intellectual life of her time. Schulman's career as a writer, activist, teacher, and oral historian is now in its fifth decade. Spanning multiple fiction genres, her eleven novels include *After Delores* (1988), *Rat Bohemia* (1995), *The Child* (2007), and *Maggie Terry* (2018). A native New Yorker, Schulman (b. 1958) writes for the people that she writes about—women and men making the most of a society that seems continually marked by homophobia, which Schulman regards as less a phobia than an unacknowledged pleasure system. Readers have come to relish Schulman's provocations, nowhere more so than through her books of nonfiction on topics such as gentrification and the interlocking nature of conflict and abuse. And since the early 1980s, when Schulman worked as a journalist, readers have come to applaud her searing indictments of the nation's woeful response to its AIDS crisis. Schulman has received the Kessler Award from CLAGS: The Center for LGBTQ Studies in honor of her body of work that has influenced the field of gay and lesbian studies, as well as the Bill Whitehead Award from Publishing Triangle for lifetime achievement. She holds an endowed chair in creative writing at Northwestern University.

We Have Received A Complaint (US Edition) Matt Malone 2024-04-30 We used to go to court to enforce our rights. Now we do it at the office. Workplace investigations are everywhere. From complaints at Fox, BBC, TVO, and The Ellen DeGeneres Show to sports teams like the Seattle Mariners, the Boston Celtics, and the Dallas Mavericks, as well as Fortune 500 companies, governments, universities, and schools, seemingly every week brings a new announcement of another workplace under scrutiny. As conflicts increase in a new era of behavioral expectations, offices are being transformed into forums of informal

justice. Investigators are summoned to adjudicate and peers become witnesses in poorly understood, often opaque proceedings. The shift is fraught for all involved: complainants often feel the investigations fail to right wrongs; respondents regularly decry them as exercises in shunning; employers wonder how they fell into this role.

Image Control Patrick Nathan 2022-08-09 Susan Sontag meets Hanif Abdurraqib in this fascinating exploration of the unexpected connections between how we consume images and the insidious nature of Fascism. Images come at us quickly, often without context. A photograph of Syrian children suffering in the wake of a chemical attack segues into a stranger's pristine Instagram selfie. Before we can react to either, a new meme induces a laugh and a share. While such constant give and take might seem innocent, even entertaining, this barrage of content numbs our ability to examine critically how the world, broken down into images, affects us. Images without context isolate us, turning everything we experience into mere transactions. It is exactly this alienation that leaves us vulnerable to fascism—a reactionary politics that is destroying not only our lives and our nations, but also the planet's very ability to sustain human civilization. Who gets to control the media we consume? Can we intervene, or at least mitigate the influence of constant content? Mixing personal anecdotes with historical and political criticism, *Image Control* explores art, social media, photography, and other visual mediums to understand how our culture and our actions are manipulated, all the while building toward the idea that if fascism emerges as aesthetics, then so too can anti-fascism. Learning how to ethically engage with the world around us is the first line of defense we have against the forces threatening to tear that world apart.

Routledge Handbook of Trauma in East Asia Tina Burrett 2023-04-03 This handbook explores trauma in East Asia from the nineteenth to the twenty-first century, assessing how victims, perpetrators and societies have responded to such experiences and to what extent the legacies still resonate today. Mapping the trauma-scape of East Asia from an interdisciplinary perspective, including anthropologists, historians, film and literary critics, scholars of law, media and education, political scientists and sociologists, this book significantly enhances understandings of the region's traumatic pasts and how those memories have since been suppressed, exhumed, represented and disputed. In Asia's contested memory-scape there is much at stake for perpetrators, their victims and heirs to their respective traumas. The scholarly research in this volume examines the silencing and distortion of traumatic pasts and sustained efforts to interrogate denial and impunity in the search for accountability. Addressing collective traumas from across East Asia (China, Hong Kong, Japan, Russia, Singapore, South Korea, Taiwan and Vietnam), this book is a valuable resource for

students and scholars of Trauma and Memory Studies, Asian Studies and Contemporary Asian History more broadly.

Crisis Intervention Strategies Richard K. James 2001 This book teaches the skills and procedures readers need to know to handle crises. The authors present a six-step model that gives a systematic way of dealing with people in crisis : Defining the Problem; Ensuring Client Safety; Providing Support; Examining Alternatives; Making Plans; and Obtaining Commitment. Upon this model the authors then build specific strategies for handling a myriad of different crisis situations. (Midwest).
