Teaching cursive handwriting to middle school and high school teens has never been easier. Learning Cursive:

Handwriting Practice

Workbook for Teens, provides extensive focus on cursive letter and sentence formation.

This cursive handwriting workbook for teens contains

more than 20,000 cursive tracing units. It includes a

cursive alphabet chart with guided stroke/directional

arrows; a paper position guide detailing appropriate writing

posture; uppercase and

lowercase cursive letter tracing and freehand practice sheets;

and finally, freehand practice sheets using text from the U.S.

Constitution, Bill of Rights, and Declaration of Independence.

The introduction section

features a full-page format that focuses on one uppercase and lowercase cursive alphabet per page—a method that allows for thorough practice when learning to write each letter correctly. Over 200 opportunities to trace each cursive letter is given before your teen is presented with a freehand cursive practice page. When teaching cursive handwriting to teens, daily practice should be encouraged. Daily practice allows spacing between words to become consistent. In order to make teaching cursive more effective, guided lines have been provided. Guided lines make cursive letter formation and word spacing simple and effective. Why is Learning Cursive: Handwriting Practice Workbook for Teens an important addition to your teen's curriculum? According to a 2013 New York Times article, "Learning to write in cursive is shown to improve brain development in the areas of thinking, language and working memory. Cursive handwriting stimulates brain

synapses and synchronicity between the left and right hemispheres, something absent from printing and typing. As a result, the physical act of writing in cursive leads to increased comprehension and participation. The College Board found that students who wrote in cursive for the essay portion of the SAT scored slightly higher than those who printed." This handwriting book is perfect for teens improving cursive penmanship. Learning Cursive: Handwriting Practice Workbook for Teens is a great resource for the homeschool classroom as well as public and private 1st grade, 2nd grade, and 3rd grade classrooms. It's a great companion to other printed and cursive alphabet handwriting programs such as Zaner-Bloser, D'Nealian Cursive, and Kumon. This 260 page cursive workbook for teens is superior to one-page printable cursive worksheets.
