Marbles: Mania, Depression, Michelangelo and Me Ellen Forney 2013 Tegneserie - graphic novel. Shortly before her 30th birthday, Forney was diagnosed with bipolar disorder. She then began a long struggle over many years to find mental stability while retaining her creativity. Marbles. Io, Michelangelo e il disturbo bipolare Ellen Forney 2014

Marbles Ellen Forney 2012-11-06 Cartoonist Ellen Forney explores the relationship between “crazy” and “creative” in this graphic memoir of her bipolar disorder, woven with stories of famous bipolar artists and writers. Shortly before her thirtieth birthday, Forney was diagnosed with bipolar disorder. Flagrantly manic and terrified that medications would cause her to lose creativity, she began a years-long struggle to find mental stability while retaining her passions and creativity. Searching to make sense of the popular concept of the crazy artist, she finds inspiration from the lives and work of other artists and writers who suffered from mood disorders, including Vincent van Gogh, Georgia O’Keeffe, William Styron, and Sylvia Plath. She also researches the clinical aspects of bipolar disorder, including the strengths and limitations of various treatments and medications, and what studies tell us about the conundrum of attempting to “cure” an otherwise brilliant mind. Darkly funny and intensely personal, Forney’s memoir provides a visceral glimpse into the effects of a mood disorder on an artist’s work, as she shares her own story through bold black-and-white images and evocative prose.

Madness, Art, and Society Anna Harpin 2018-01-19 How is madness experienced, treated, and represented? How might art think around - and beyond - psychiatric definitions of illness and wellbeing? *Madness, Art, and Society* engages with artistic practices from theatre and live art to graphic fiction, charting a multiplicity of ways of thinking critically with, rather than about, non-normative psychological experience. It is organised into two parts: ‘Structures: psychiatrists, institutions, treatments’, illuminates the environments, figures and primary models of psychiatric care, reconsidering their history and contemporary manifestations through case studies including David Edgar’s *Mary Barnes* and Milos Forman’s *One Flew Over the Cuckoo’s Nest*. ‘Experiences: realities, bodies, moods’, promblematizes diagnostic categories and proposes more radically open models of thinking in relation to experiences of madness, touching upon works such as Richard Kelly’s *Donnie Darko* and Duncan Macmillan’s *People, Places, and Things*. Reading its case studies as a counter-discourse to orthodox psychiatry, *Madness, Art, and Society* seeks a more nuanced understanding of the plurality of madness in society, and in so doing, offers an outstanding resource for students and scholars alike.

Manic Depression and Creativity D. Jablow Hershman 1998-08-01 Many recognized geniuses had creative capacities that were driven by bouts of manic intensity followed by the depths of mind-numbing despair. From Plato, who originated the idea of inspired mania, to Beethoven, Dickens, Newton, Van Gogh, and today's popular creative artists and scientists who've battled manic depression, this intriguing work examines creativity and madness in mystery, myth, and history. Demonstrating how manic depression often becomes the essential difference between talent and genius, Hershman and Lieb offer valuable insights into the many obstacles and problems this illness poses for highly creative people. Lieb critiques the wave of new books on depression as well as those on creativity to determine how far we have come in our understanding of this complex illness. The authors also explode the myth that suffering is essential to creativity. Guides for the manic depressive are suggested to reduce emotional pain and personal problems while increasing productivity. Julian Lieb, a psychiatrist in private practice and former director of the Dana Psychiatric Clinic at Yale-New Haven Hospital, and D. Jablow Hershman authored *Brotherhood of Tyrants: Manic Depression and Absolute Power*.
