Multinational Business Finance David K. Eiteman 2011 The only multinational business finance text with a managerial emphasis and a chapter on the GFC. Renowned for its authoritative, comprehensive coverage of contemporary international finance, this text trains the future leaders of multinational enterprises to recognise and capitalise on the unique characteristics of global markets. A key function of a manager is to make financial decisions that increase company value: to assist future managers' appreciation of this function and help contextualise it within the organisation, real-world mini-cases are embedded throughout the text.

Financial Management Raymond Brooks 2010 Provides an introductory text on the core concepts of finance that first connects readers with their

personal financial experiences before discussing aspects of corporate finance. Covers subjects such as the time value of money, bond pricing, stock valuation, capital decision making, forecasting, and performance evaluation. Includes worked examples.

QFINANCE Bloomsbury Publishing 2014-11-20 QFINANCE: The Ultimate Resource (5th edition) is the first-step reference for the finance professional or student of finance. Its coverage and author quality reflect a fine blend of practitioner and academic expertise, whilst providing the reader with a thorough education in the many facets of finance.

Multinational Business Finance, Global Edition David K. Eiteman 2020-06-08 For courses in international finance. Authoritative, comprehensive coverage of contemporary international finance. Renowned for its authoritative, comprehensive coverage of contemporary international finance, *Multinational Business Finance* trains the leaders of tomorrow's multinational enterprises to recognise and capitalise on the unique characteristics of global markets. Because the job of a manager is to make financial decisions that increase a firm's value, the authors have embedded real-world mini-cases throughout to apply chapter concepts to the types of situations managers of multinational firms face. The 15th Edition attempts to capture the rapid evolution of our global marketplace, taking a closer look at the types of organisations that permeate the widespread arena, competition, and opportunities in emerging markets, and how financial leadership can integrate the strategic and financial challenges that global businesses face today. Cases on International Business and Finance in Japanese Corporations Mitsura Misawa 2007-10-01 While Japan's export-oriented economy has been advancing with astounding speed, significant differences remain between the management philosophy and techniques used within Japanese companies and those used in the West. These include the significant differences in the use of capital budgeting techniques, economic and political assessment of projects, decision-making styles, and techniques of corporate governance.
