Ethical English Mark A. Pike 2014-12-18 Ethical English addresses the 'ethos' of English teaching and draws attention to its 'spirit' and fundamental character, identifying the features that English teaching must exhibit if it is to continue to sustain us morally as a liberal art and to provide the learners of increasingly plural societies with a broad ethical education. Mark A. Pike provides practical examples from the classroom, including assessment and teaching, knitting these with an ethical critique of practice, stimulating readers to engage in critical reflection concerning the teaching of English. This book not only shows readers how to teach English but also helps them to critically evaluate the ethics of the practice of English teaching.

Frankenstein - The Man and the Monster - A Stage Play (Fantasy and Horror Classics) Garrett Fort 2014-08-01 Garrett Fort was a prolific writer who penned some of the most memorable screenplays of the 20th century. Frankenstein is one of his best-remembered works. Many of the horror stories of monsters and ghouls, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Children's Literature and Learner Empowerment Janice Bland 2013-07-22 Children's literature can be a powerful way to encourage and empower EFL students but is less commonly used in the classroom than adult literature. This text provides a comprehensive introduction to children's and young adult literature in EFL teaching. It demonstrates the complexity of children's literature and how it can encourage an active community of second language readers: with multilayered picturebooks, fairy tales, graphic novels and radical young adult fiction. It examines the opportunities of children's literature in EFL teacher education, including: the intertextuality of children's literature as a gate-opener for canonised adult literature; the rich patterning of children's literature supporting Creative Writing; the potential of interactive drama projects. Close readings of texts at the centre of contemporary literary scholarship, yet largely unknown in the EFL world, provide an invaluable guide for teacher educators and student teachers, including works by David Almond, Anthony Browne, Philip Pullman and J.K.Rowling. Introducing a range of genres and their significance for EFL teaching, this study makes an important new approach accessible for EFL teachers, student teachers and teacher educators.
