Managerial Accounting John J. Wild 2007

Wild's Managerial Accounting responds to the market's request for a book with a balance between large and small business, and one that is contemporary yet succinct and assessable for today's students. With numerous innovative features, the author focuses on three
Clear presentation of accounting

concepts, Concise coverage to help students focus on important material, and Cutting-edge technology to engage students and improve their chances for success. The author provides a balance of small and large business examples, integration of new computerized learning tools, superior end-of-chapter materials, and highly engaging pedagogical learning structures. Technology tools such as Homework Manager provide students with further advantages as they learn and apply key accounting concepts and methods.

Fundamentals of Accounting Course Kenton E. Ross 2004 This introductory accounting text presents a complete accounting cycle of a business organized as a corporation. Topics include analyzing transactions, journalizing, posting, petty cash, financial statements and adjusting and closing entries. Accounting concepts are introduced using a modern

business with owners that students can relate to in each cycle.

College Accounting Student Edition Chapters 1-13 John Ellis Price 2001-09-19 College Accounting continues to offer its trademark short learning segments followed by self-review questions and answers. This book has been thoroughly revised and given a new visual design. The book also includes more real-world examples than ever, high-interest problems and activities, in-text help, classroom-tested features, and support for a variety of software packages. The new edition continues to be the most current and thorough text available, and provides solid coverage of accounting concepts and principles.
